gearoop only

CoolStand ◦ the 3rd Generation

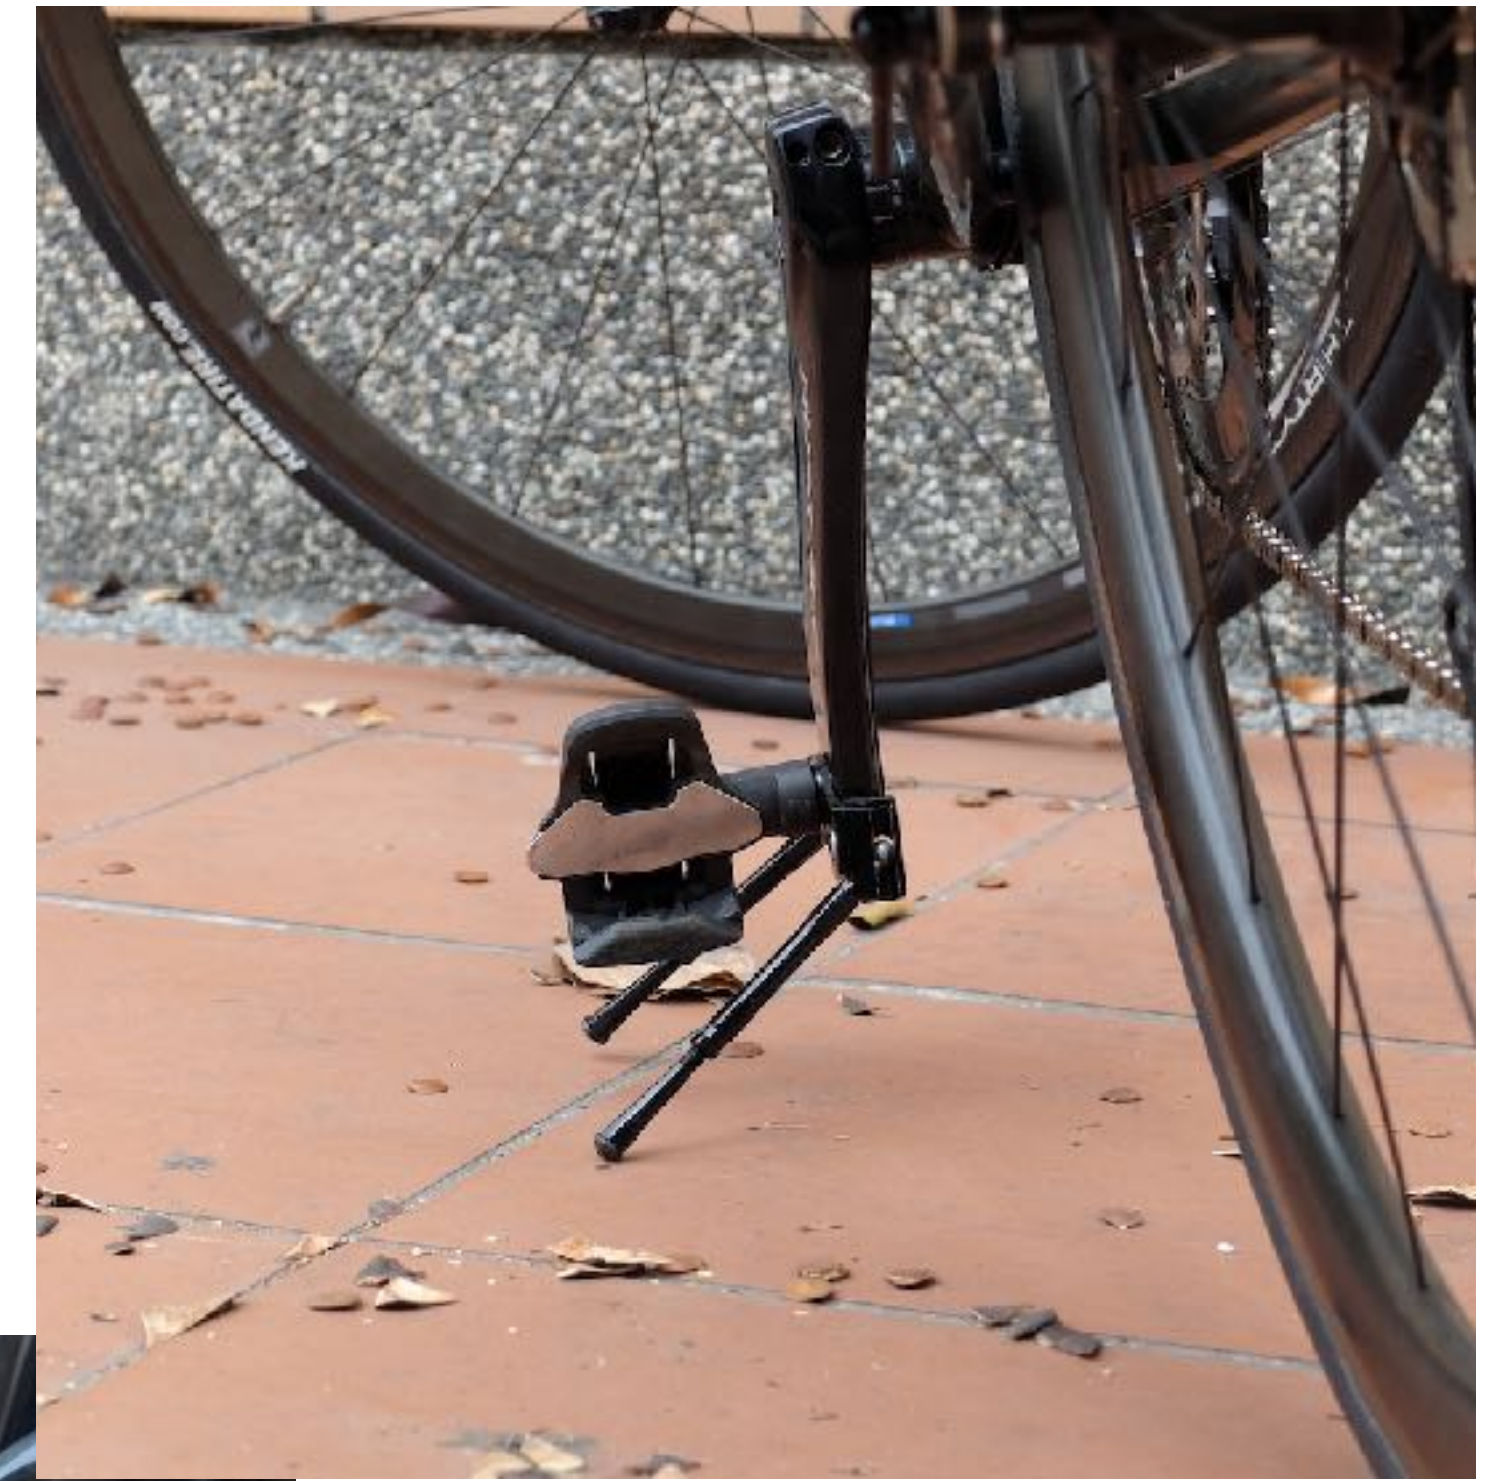

Model No. : CS-040(SUS core) ; CS-056(Ti core)

2010 reddot design award!!
The Special kickstand you've never seen.

Kickstand is ugly and heavy?
It will change your stereotype.
Insert between crank and pedal.
Hidden well & Feel nothing ! !

website : [CoolStand \(the 3rd Generation\) CS-040 \(gearoop-intl.com\)](http://CoolStand (the 3rd Generation) CS-040 (gearoop-intl.com))

youtube : <https://youtu.be/hBlzgZSbrLE>

Cable End Tips

Model No. : CED-BD

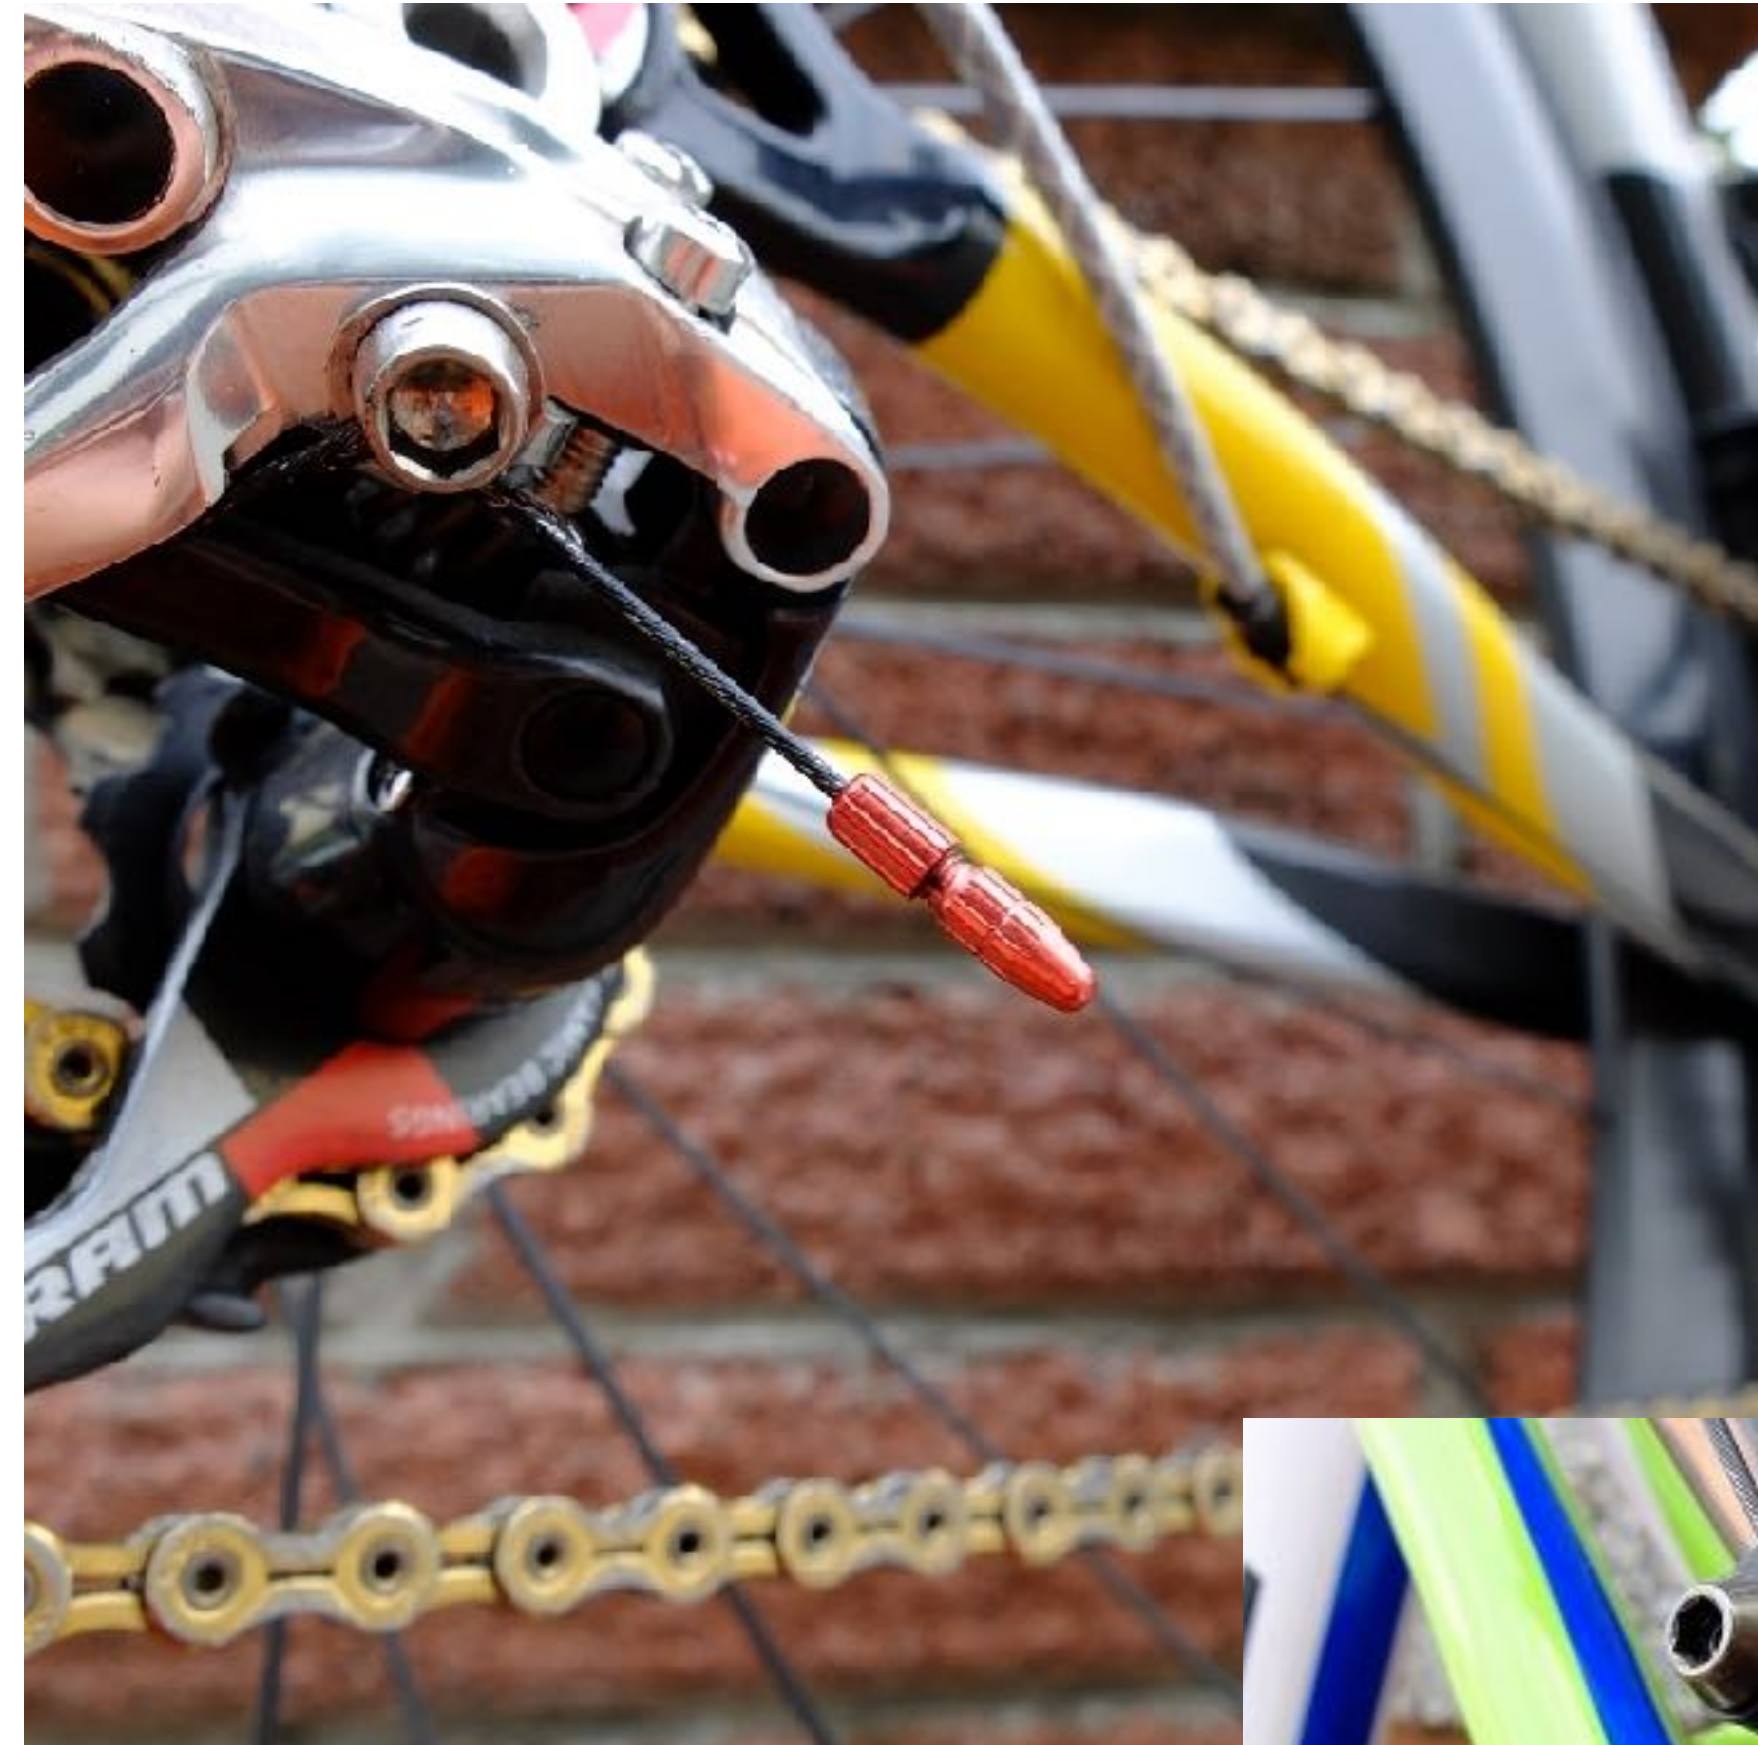

You've never seen anything like this.

Tool free.

Luxury. Quality. High level~~

Complete your cables perfectly.

Website : [Cable End Tips CED-BD \(gearoop-intl.com\)](http://gearoop-intl.com)

gearoop tools • Master Link Plier

Model No. : GTL-SP

All new design Master Link Plier.

Take the master link part gently and smoothly
via Allen key.

Avoid causing frame damage by chain.

Website : [gearoop tools • Master Link Plier GTL-SP \(gearoop-intl.com\)](http://gearoop-tools.com)

Youtube : <https://youtu.be/IVkfJTNdx3k>

gearoop tools ◦ Minions bleed block

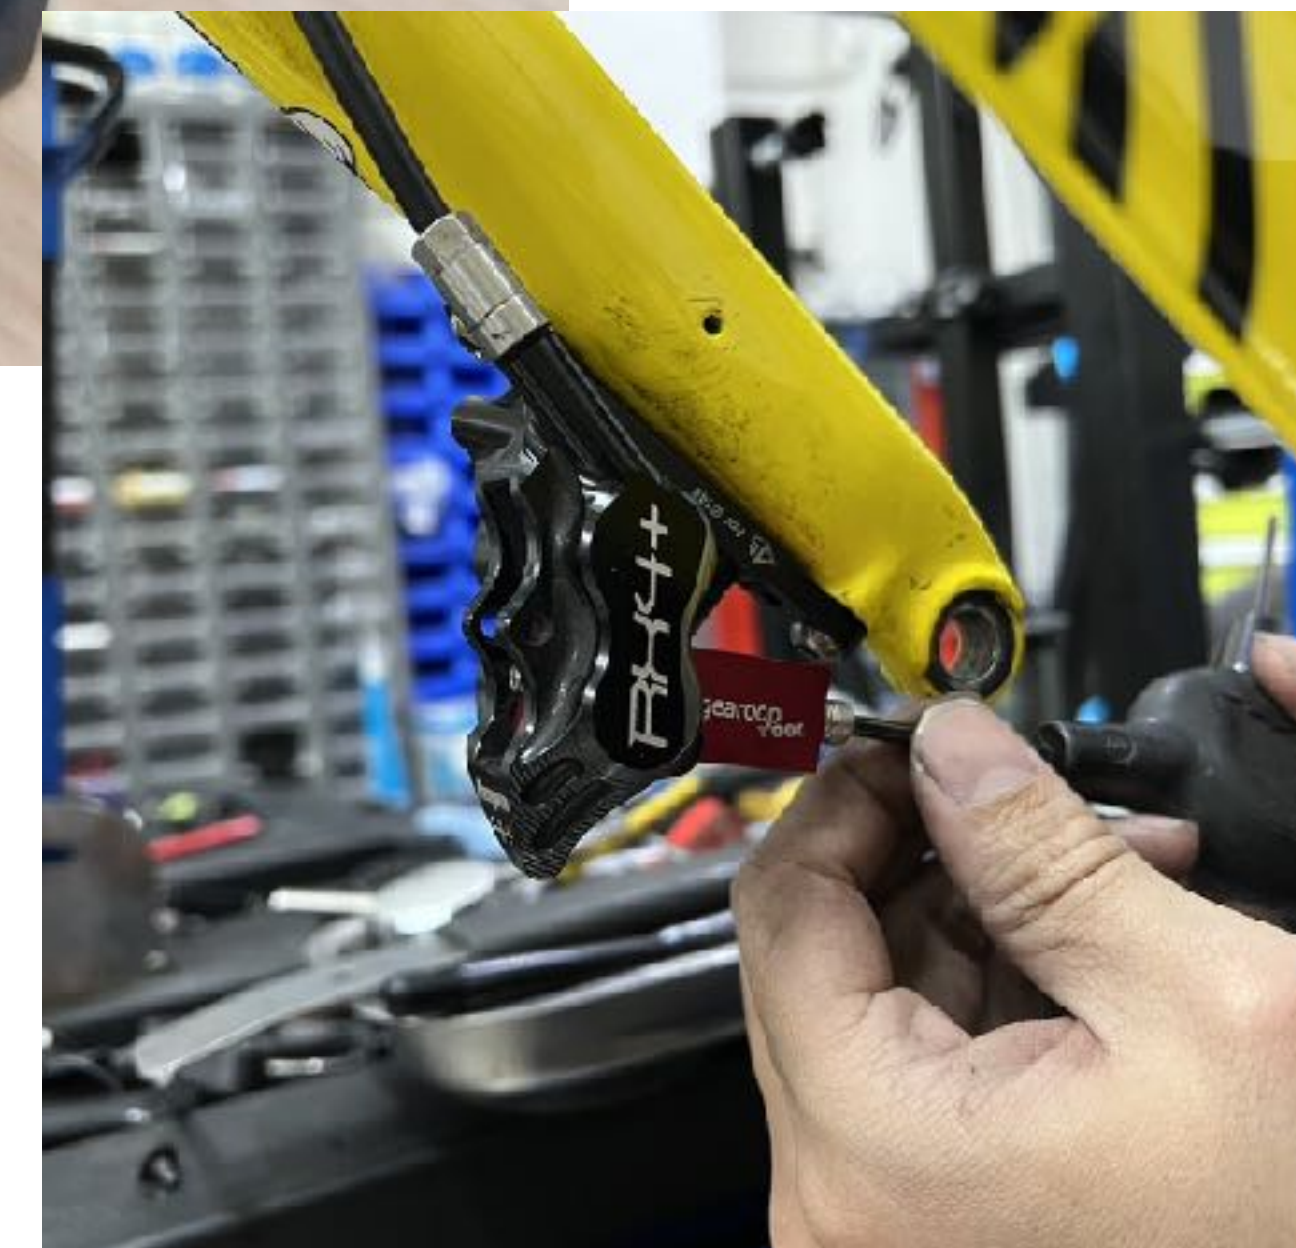

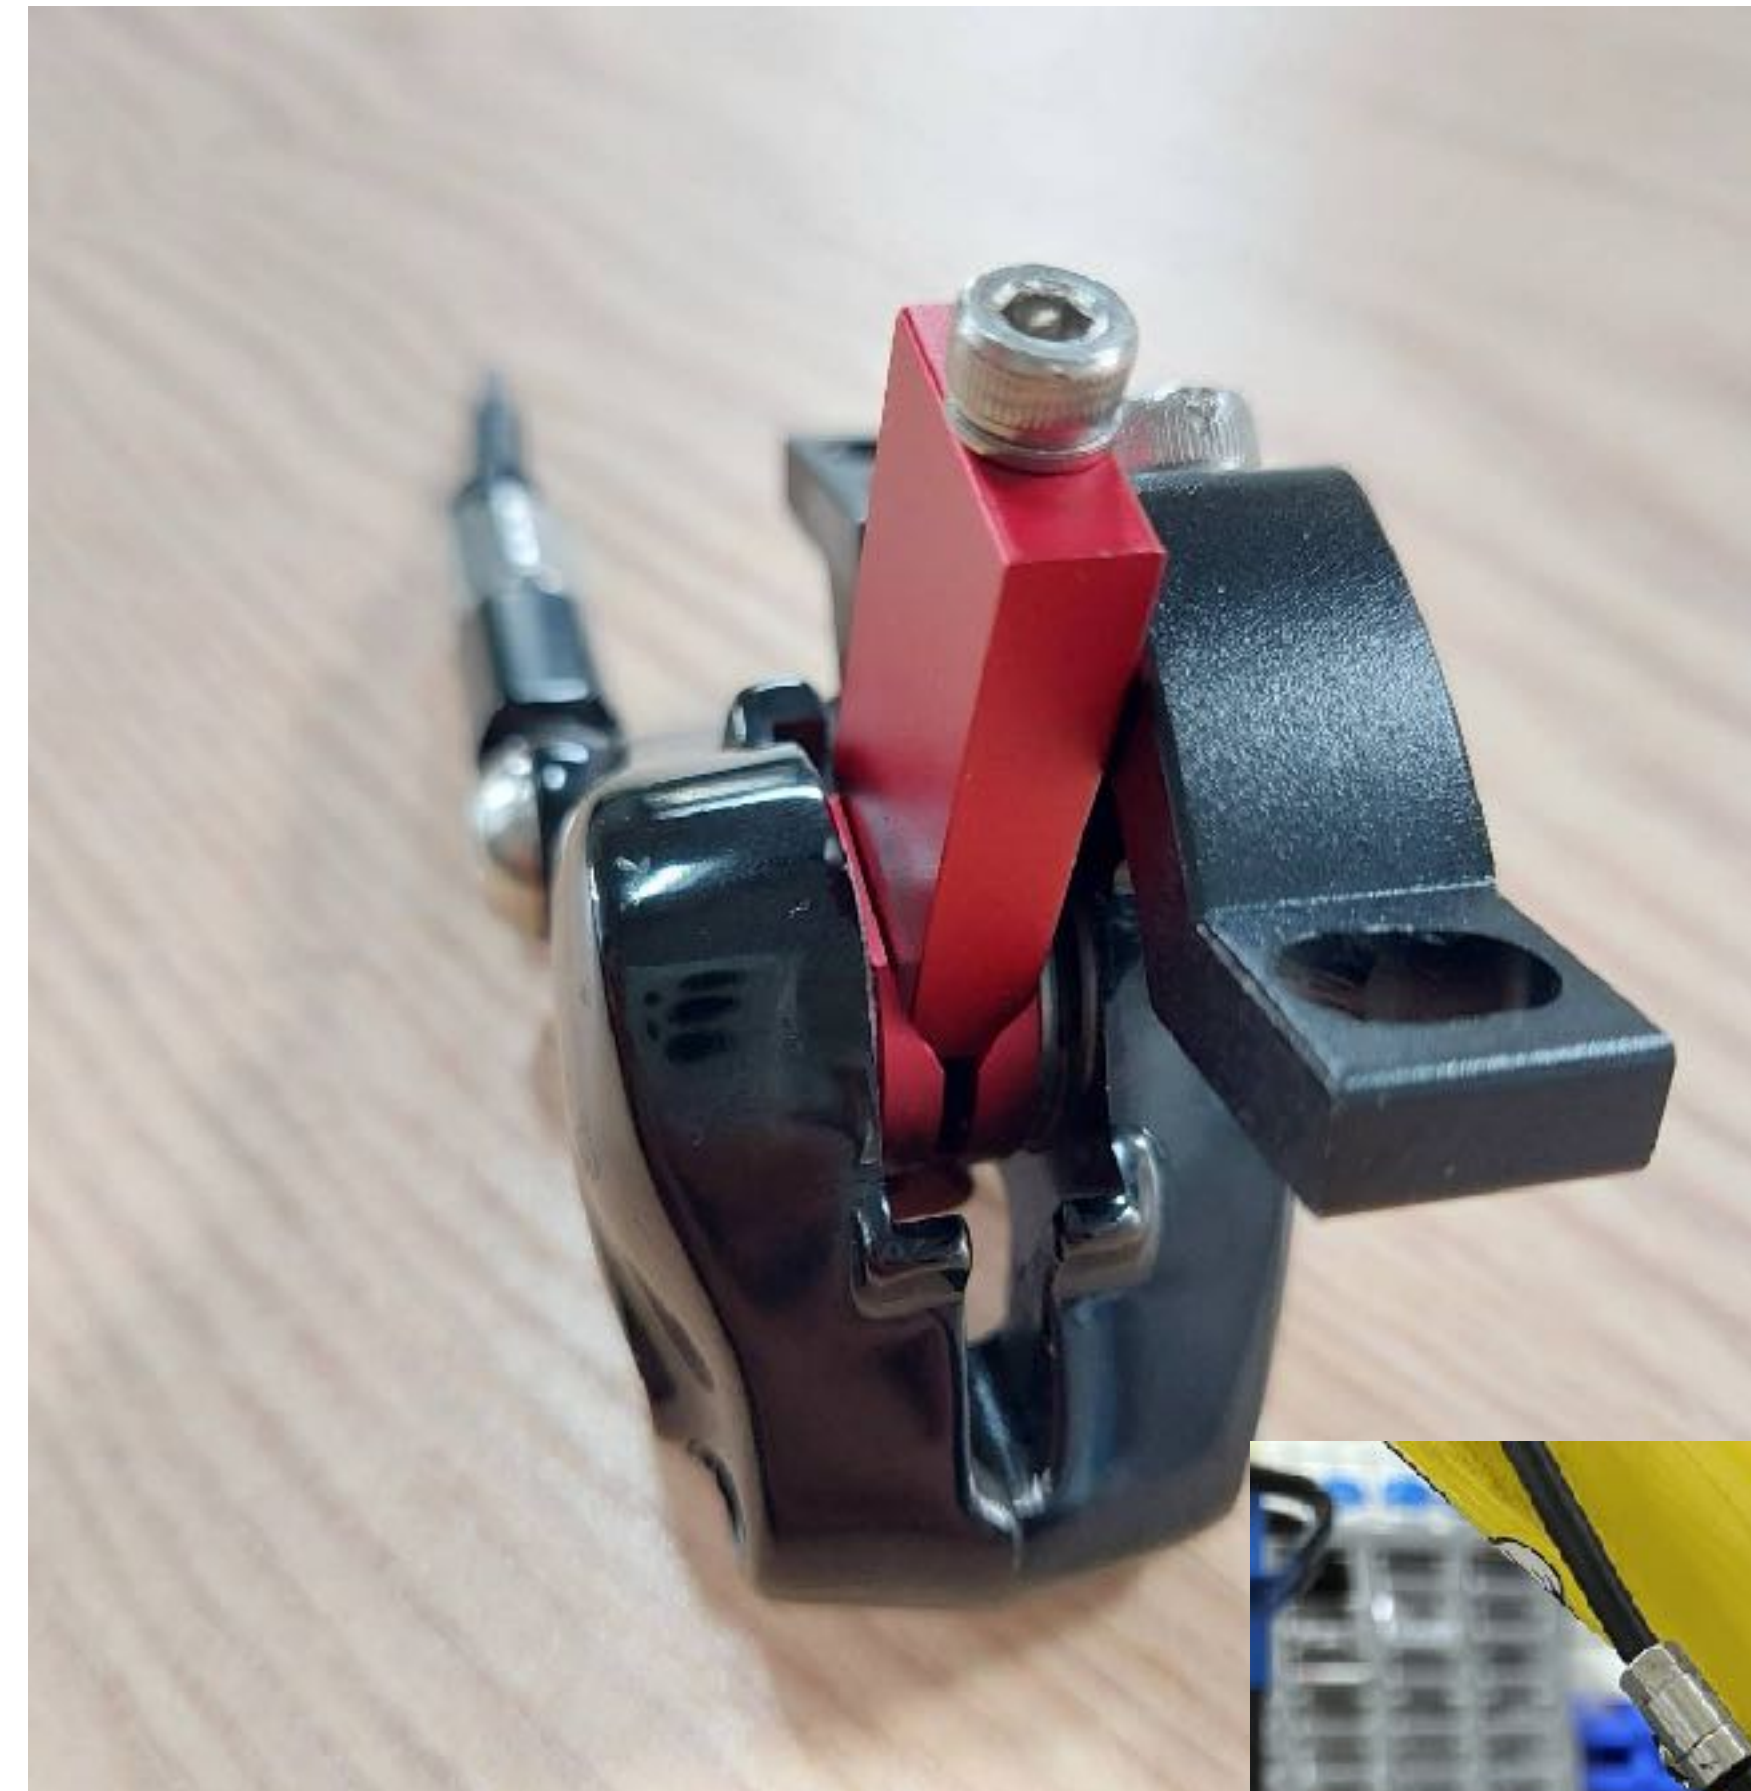

Model No. : GTL-PIP

makes working on you brake calipers easy.
Designed for compressing hydraulic caliper pistons when servicing calipers, aligning pads, or replacing pads.

Operate it just by hands.
Fit the component perfectly.

Website : [bleed block \(gearoop-intl.com\)](http://bleed block (gearoop-intl.com))

Youtube : https://youtu.be/hodU6RNwT-s?si=jlKHkrfM_3l1WapM

gearoop tools ◦ Tool for SRAM AXS Derailleur Cage

Model No. : GTL-AXS

Tool for installation of SRAM AXS Derailleur Cage.

Website : [gearoop tools](http://gearoop.com) ◦ [Tool for SRAM AXS Derailleur Cage GTL-AXS \(gearoop-intl.com\)](http://gearoop-intl.com)

gearoop tools • Freewheel turner

Model No. : GTL-FTR

The tool for freewheel.

Website :

anything carrier

Model No. : TRM-REB

anything carrier, carry anything.

Website :

Steer Head Expender

Model No. : STE-018

Website :

Transmission system ◦ Derailleur Cage

Titanium/Aluminum WORMHOLE Derailleur Cage

OSPW design.
Oversized Derailleur Pulley Cage.
12t+16t Wide-Narrow Tooth.
Veneer-like Construction.

Bearing option : Steel 、 Stainless Steel Ceramic

Website for Ti : [derailleur cage Titanium \(gearoop-intl.com\)](http://derailleur cage Titanium (gearoop-intl.com))

Website for Al : [derailleur cage \(gearoop-intl.com\)](http://derailleur cage (gearoop-intl.com))

Titanium Modified OverSize Pulley Derailleur Cage

Cage's material : **Titanium**

#System

Sram : red, force, rival, AXS, XPLR series, force1, rival1.

Shimano : Dura-Ace, Ultegra, 105, XTR, XT, GRX series.

Campagnolo : super record, record, chorus.

#Bearings

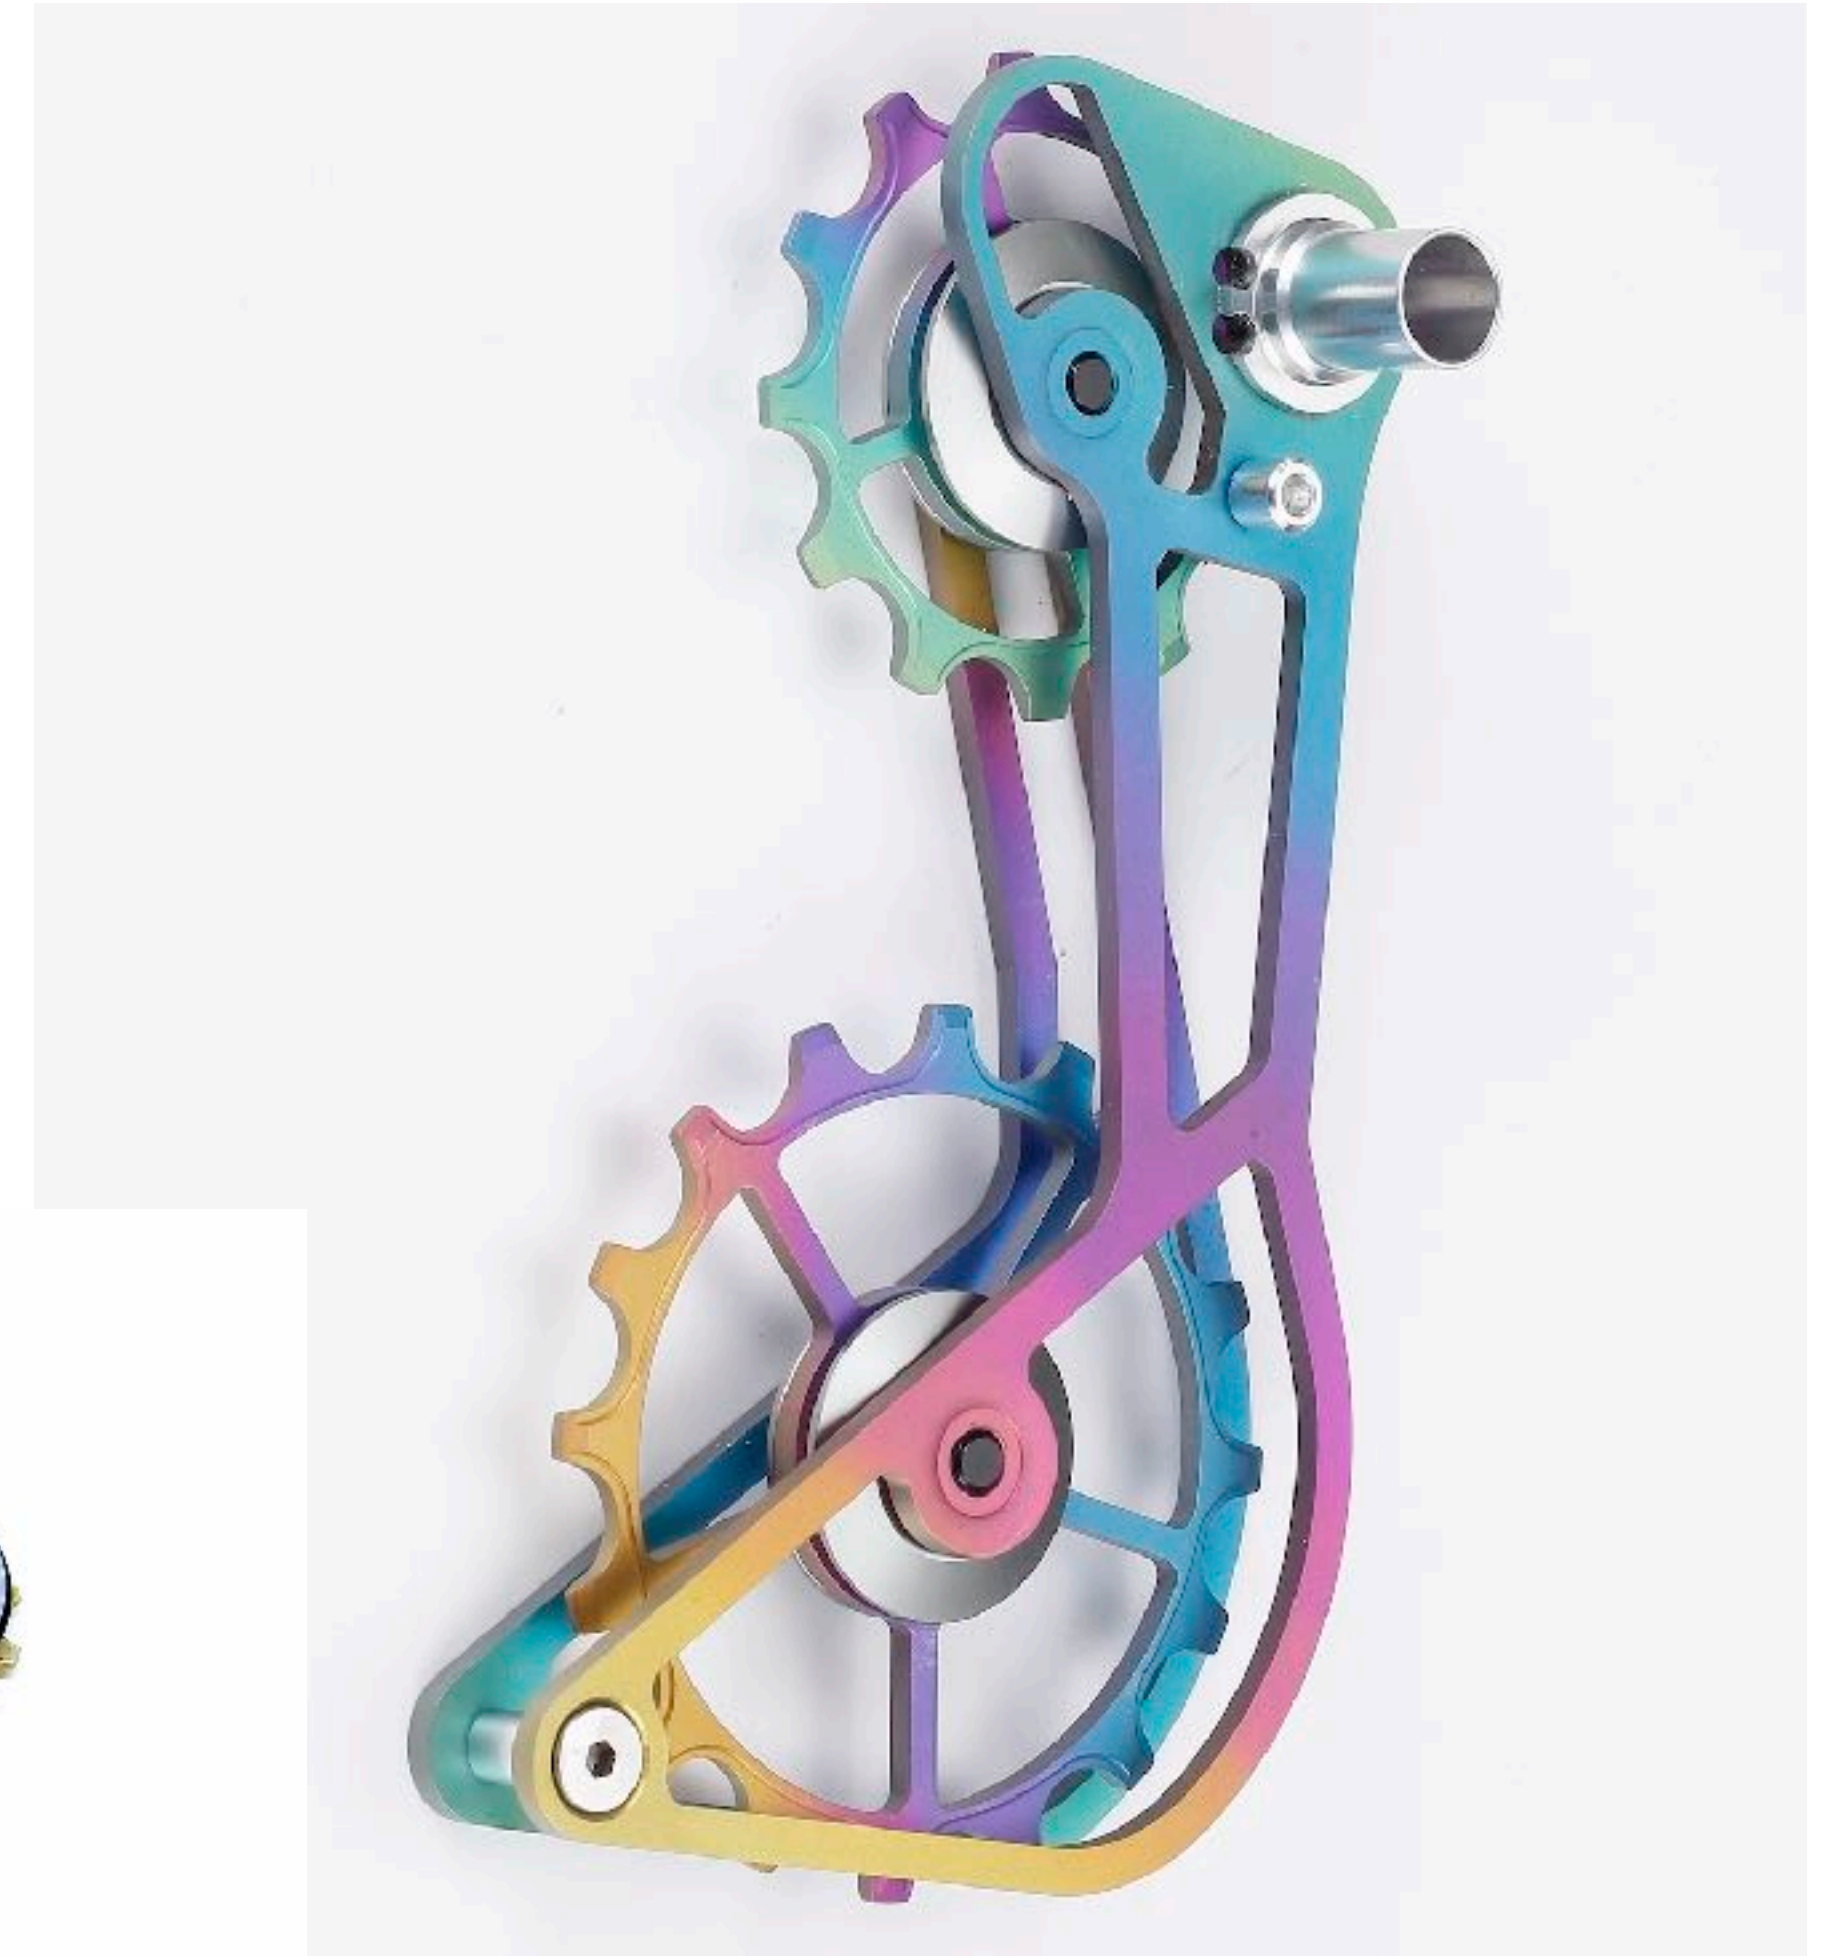

Stainless Steel Ceramic \ Steel

Website : [Modified OverSize Pulley Derailleur Cage \(Titanium Cage\) CT-xxx \(gearoop-intl.com\)](http://gearoop-intl.com)

for Sram AXS

Titanium Cage + Titanium Pulley
12t / 16t
Narrow-Wide Tooth
Full Ceramic bearing

Carbon Modified OverSize Pulley Derailleur Cage

Cage's material : **Carbon**

#System

Sram : red, force, rival, AXS, XPLR series, force1, rival1.

Shimano : Dura-Ace, Ultegra, 105, XTR, XT, GRX series.

Campagnolo : super record, record, chorus.

#Bearings

[KOM Challenger - 33t Modified ChainRings for Campagnolo CPY-33 \(gearoop-intl.com\)](http://gearoop-intl.com)

CCW-335
for red. force. rival. 5700. 6700

CCW-33D
for 9100. R8000

Transmission system • Pulley

Pulley ◦ Titanium / Aluminum

Regular tooth : 10t. 11t. 12t. 13t. 14t. 15t. 16t. 18t. 20t.
Narrow-Wide tooth : 10t. 12t. 14t. 16t.

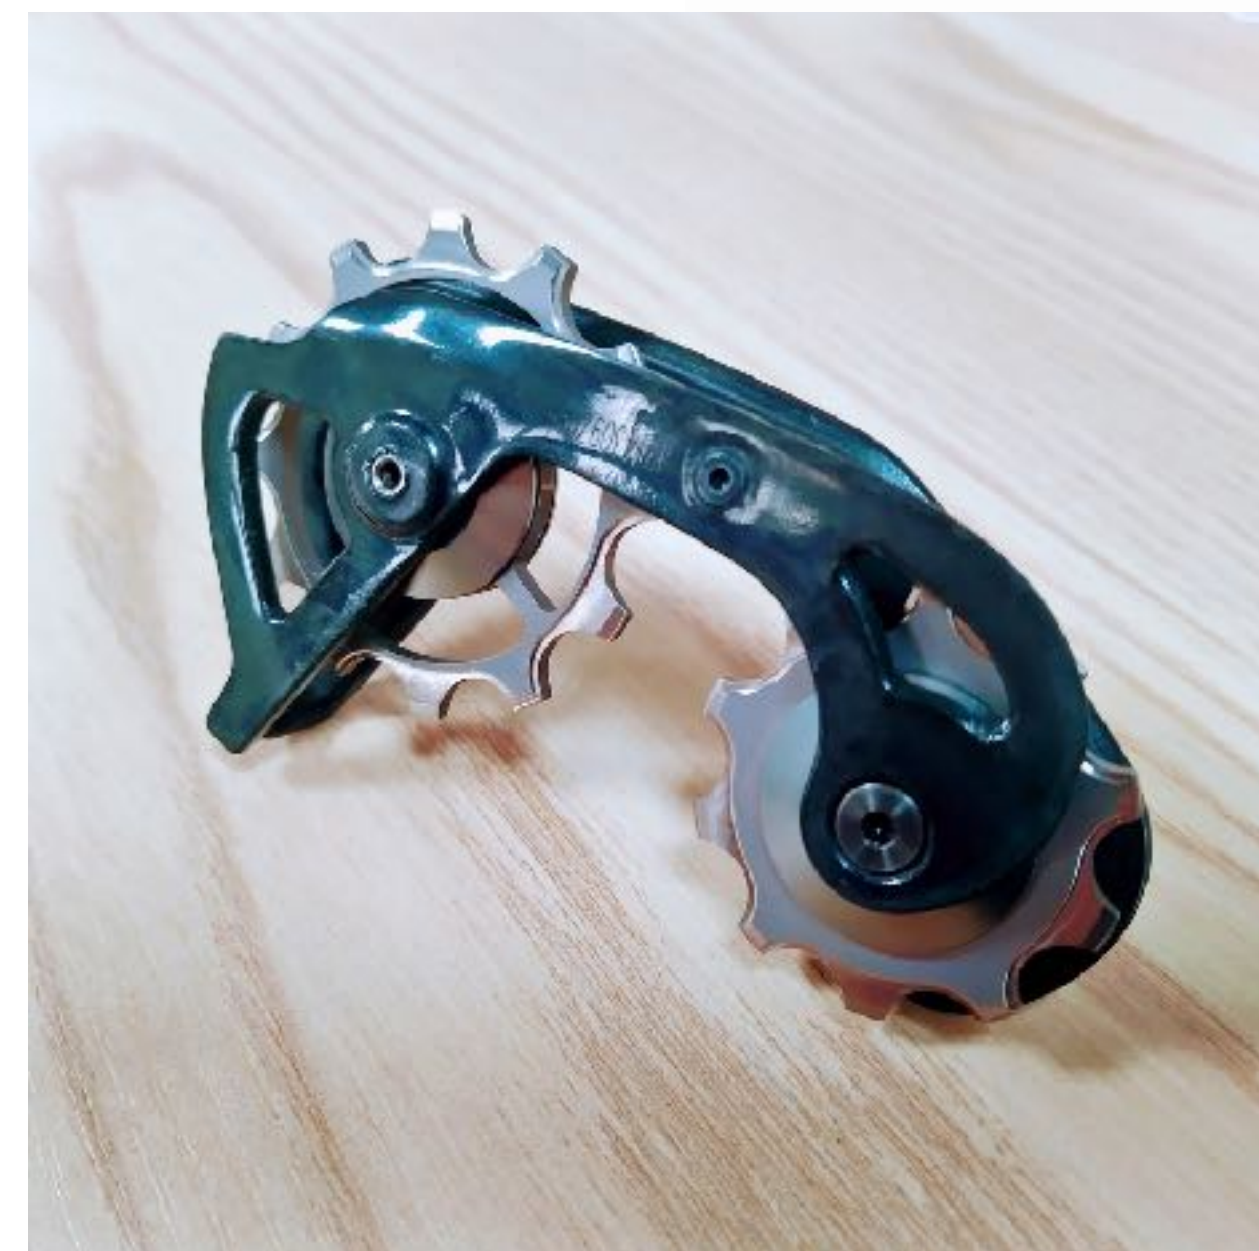

Made of Titanium or Aluminum.

Bearing options : Stainless Steel Ceramic 、 Steel

Website :

[Titanium Pulley CT-Txx \(gearoop-intl.com\)](http://gearoop-intl.com)

[Wide Narrow Tooth Pulley CWN-Txx \(gearoop-intl.com\)](http://gearoop-intl.com)

Pulley ◦ 4.7mm Eccentric Pulley

Regular tooth : 10t. 11t. 12t. 13t. 14t. 15t. 16t. 18t. 20t.
For Shimano, Sram, and Campagnolo all series~~
Wide-Narrow tooth design.

Bearing options : Stainless Steel Ceramic 、 Steel

Eccentric Pulley

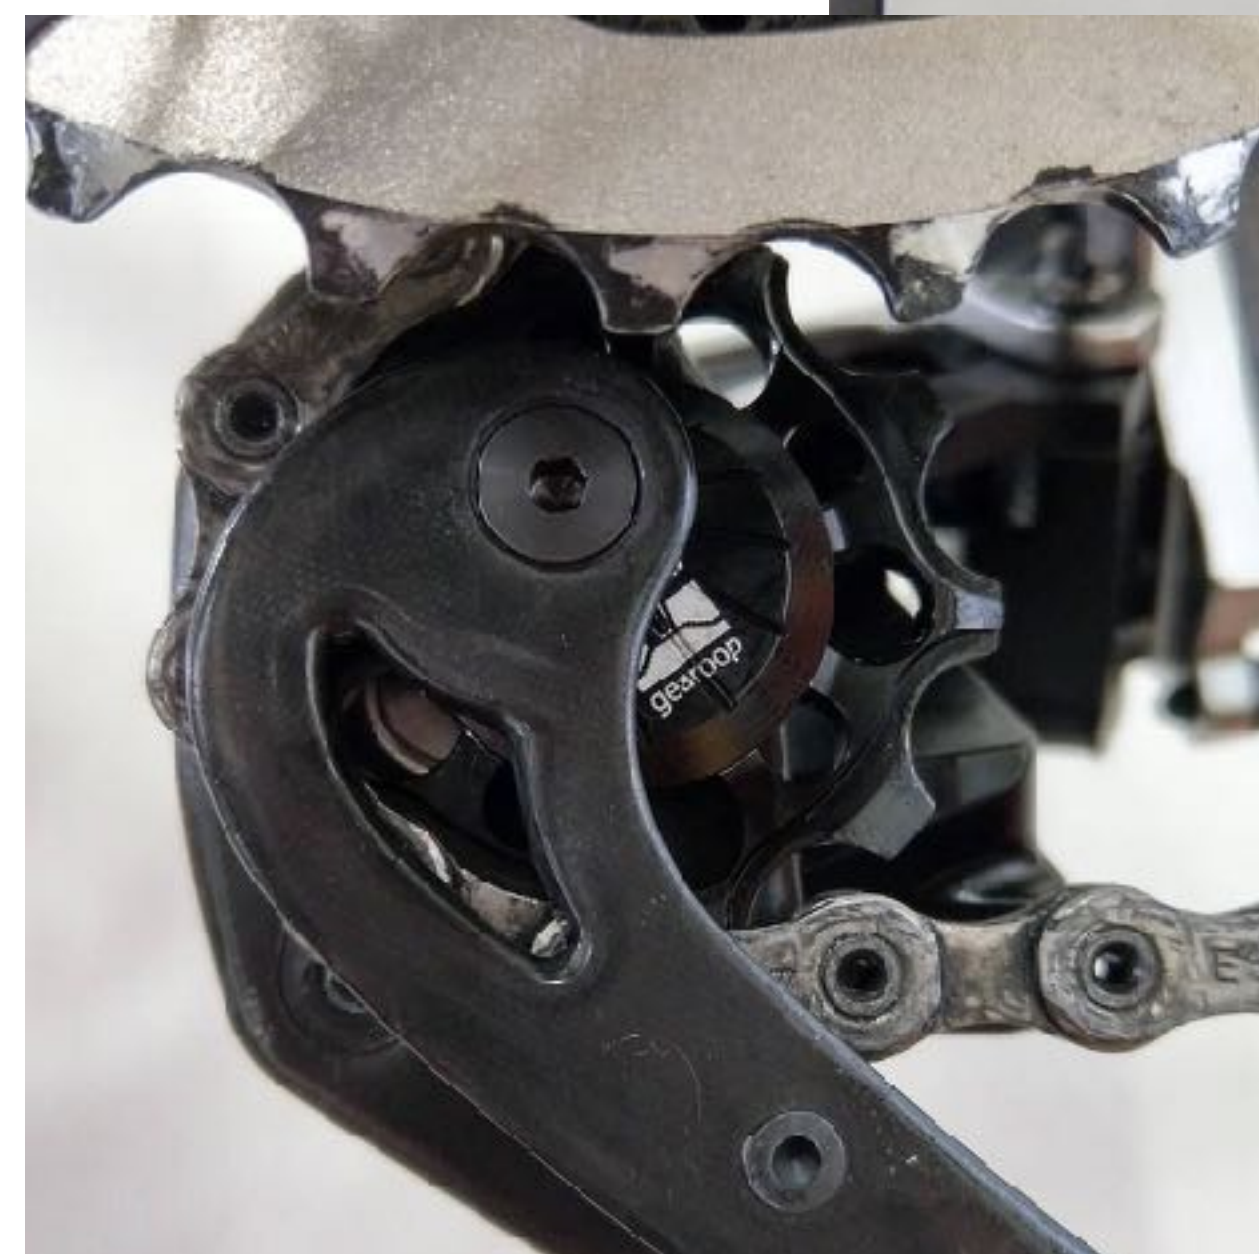

Make **4.7mm** more distance between freewheel and pulley.

To allow bigger FreeWheel.

(Modified from 11-28 to 11-32 or 11-32 to 11-36)

Website :

[4.7mm Eccentric Pulley \(upper\) CCC-V47 \(gearoop-intl.com\)](http://gearoop-intl.com)

Transmission system ◦ Modified Free Wheel

KOM Challenger • Modified FreeWheel

Shimano. Sram. Campagnolo are all available.
tooth options : 28t. 30t. 31t. 32t. 34t. 36t ;
34t+38t for Shimano 12s.

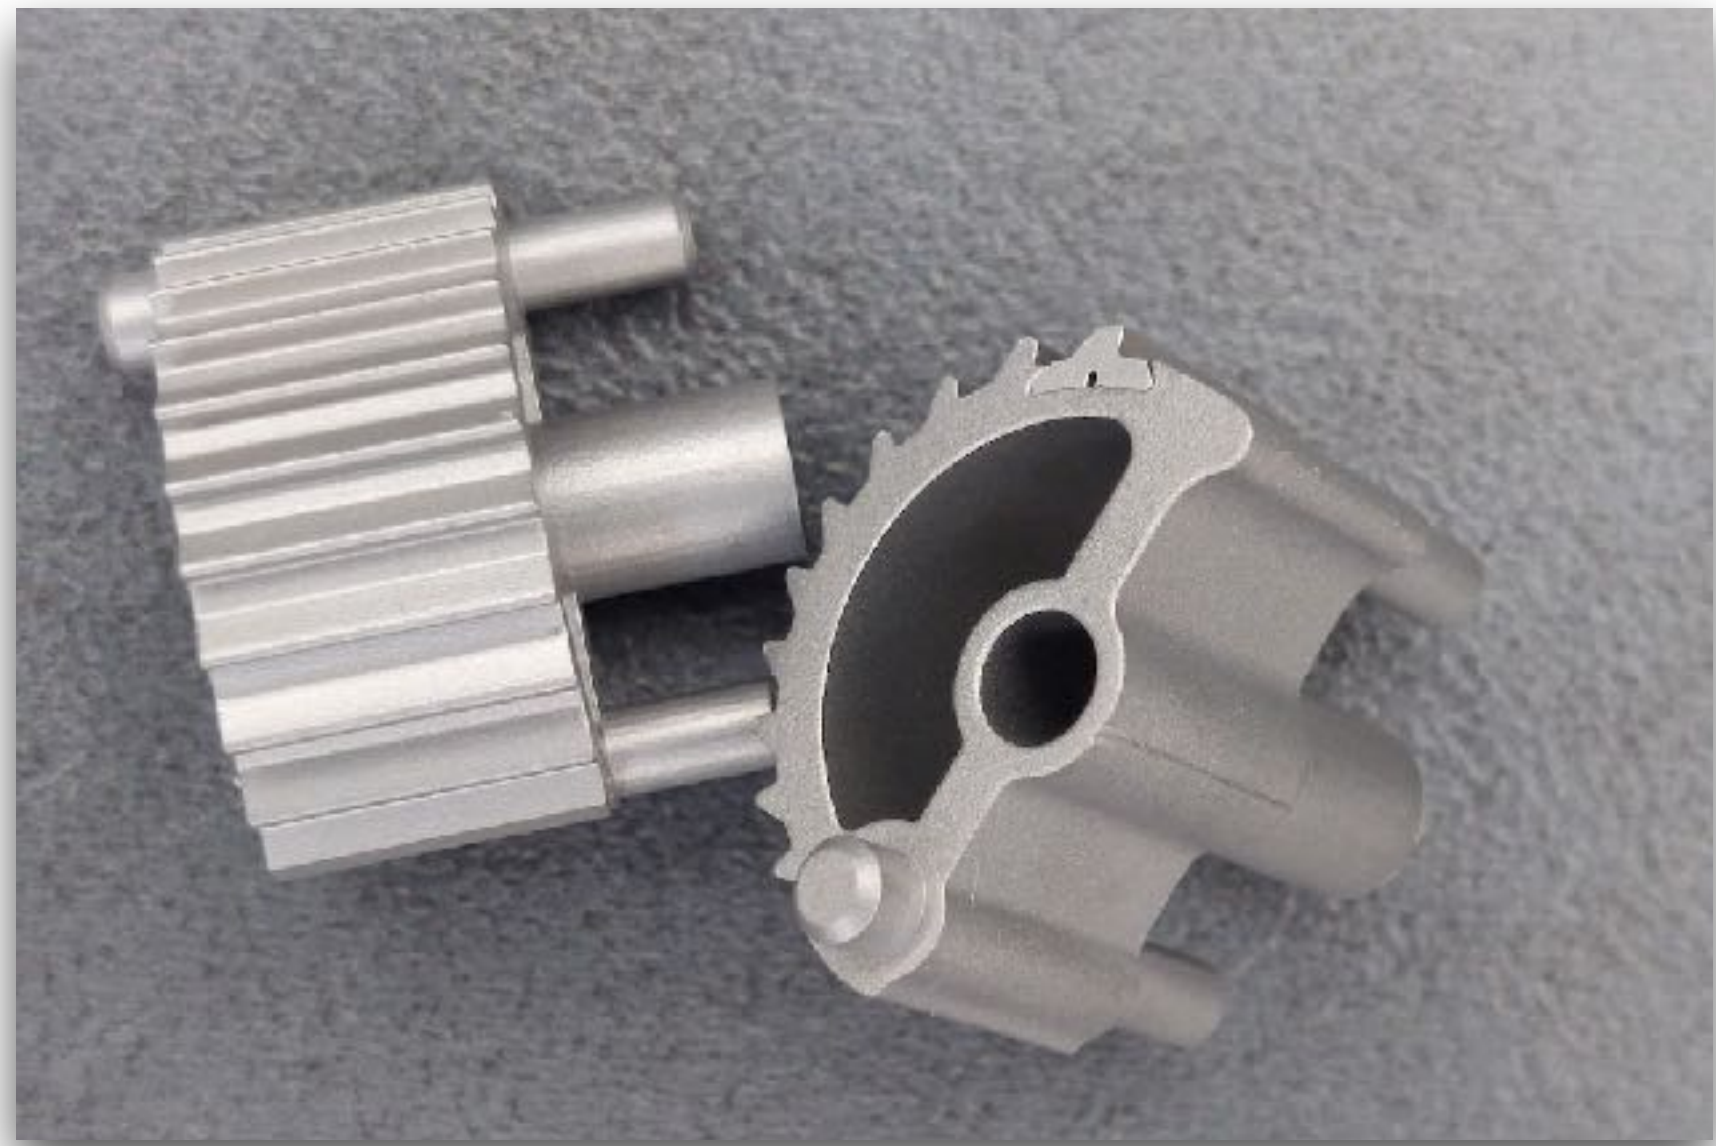

Don't need to buy a whole FreeWheel if wanna change
the gear ratio.
Plus one piece and then get all new ratio.

Website :

[KOM Challenger - Modified FreeWheel for Shimano/Sram CFW-XX \(gearoop-intl.com\)](http://gearoop-intl.com)

Transmission system ◦ transmission component

KOM Challenger • 12 Speeds Ratchet Transformer

This item allows you to pair 10 or 11 speed mechanical SRAM shifters and a 1x-specific Exact Actuation derailleur with a 12 speed eTap AXS cassette and chain.

You'll gain all the advantages of greater gear range and closer gear ratios without the expense or weight of electronic shifting.

NOTE: You will need to replace your 11 speed free wheels with SRAM eTap / AXS compatible ones.

Website : [12 Speeds Road Ratchet \(gearoop-intl.com\)](http://gearoop-intl.com)

Saddle Mount series

Saddle Mount 2.0 - LBS Mount

Model No. : LBS-BC

Loading 1 cage or 2 cages!!

Wider rail fixed is available by adjustable structure.
Take one part away to Load Sports Cam.

#Not suit for Carbon rail

Website : [Saddle Mount 2.0 - LBS Mount LBS-BC \(gearoop-intl.com\)](http://Saddle Mount 2.0 - LBS Mount LBS-BC (gearoop-intl.com))

Saddle Mount 2.0 - LBS single Mount

Model No. : LBS-G

Shape and structure redesigned to become stronger than the original one!!!

Be able to be fixed on wider rail by adjustable structure. Loading Sports Cam or 1 Bottle Cage.

#Not suit for Carbon rail

Website : [Saddle Mount 2.0 - LBS Single Mount LBS-G \(gearoop-intl.com\)](http://Saddle Mount 2.0 - LBS Single Mount LBS-G (gearoop-intl.com))

Saddle Mount

Model No. : SDL-BC

Saddle Mount.

A bracket fixed under the saddle.

Be able to be fixed on wider rail by adjustable structure.

Loading Sports Cam or Bottle Cage.

#Not suit for Carbon rail

Website : [Saddle Mount SDL-BC \(gearoop-intl.com\)](http://gearoop-intl.com)

Bell series

Circle Clamp Bell

Model No. : CCB-RBK

CircleClamp Bell is designed for racing bar ! !
Fixed on the brake hood by the clamp.

Fitting racing bike perfectly.
Brass material + CP surface treatment , totally an art ! ! !
360 degree adjustable hammer to fit your personal habit.

Website : [Circle Clamp Bell CCB-RBK \(gearoop-intl.com\)](http://gearoop-intl.com)

Banding Bell

Model No. : CCB-CTB

Brass material + CP surface treatment,
totally an art!!!
360° adjustable hammer to fit your own habit.

Website : [Banding Bell CCB-CTB \(gearoop-intl.com\)](http://gearoop-intl.com)

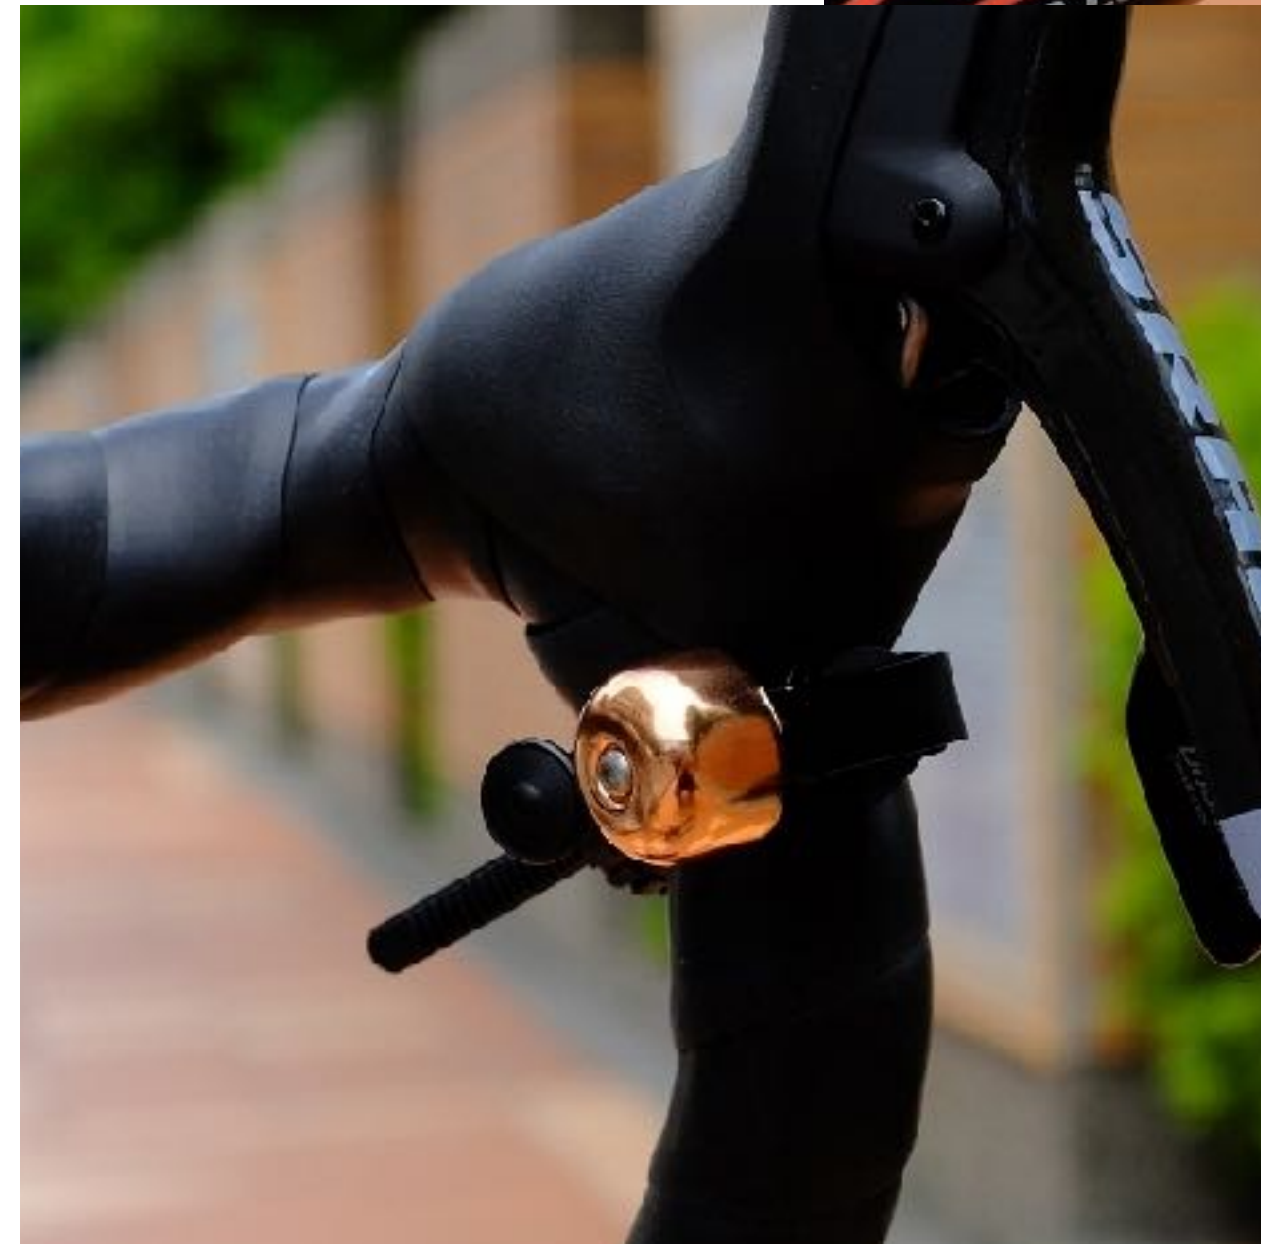

Submarine Bell

Model No. : CCB-DKE

Fixed everywhere, and fit to any bars.
Keep the 360° adjustable hammer to fit your own habit.
Let the bell fit your habit!!

Website : [Submarine Bell CCB-DKE \(gearoop-intl.com\)](http://gearoop-intl.com)

UFO Bell

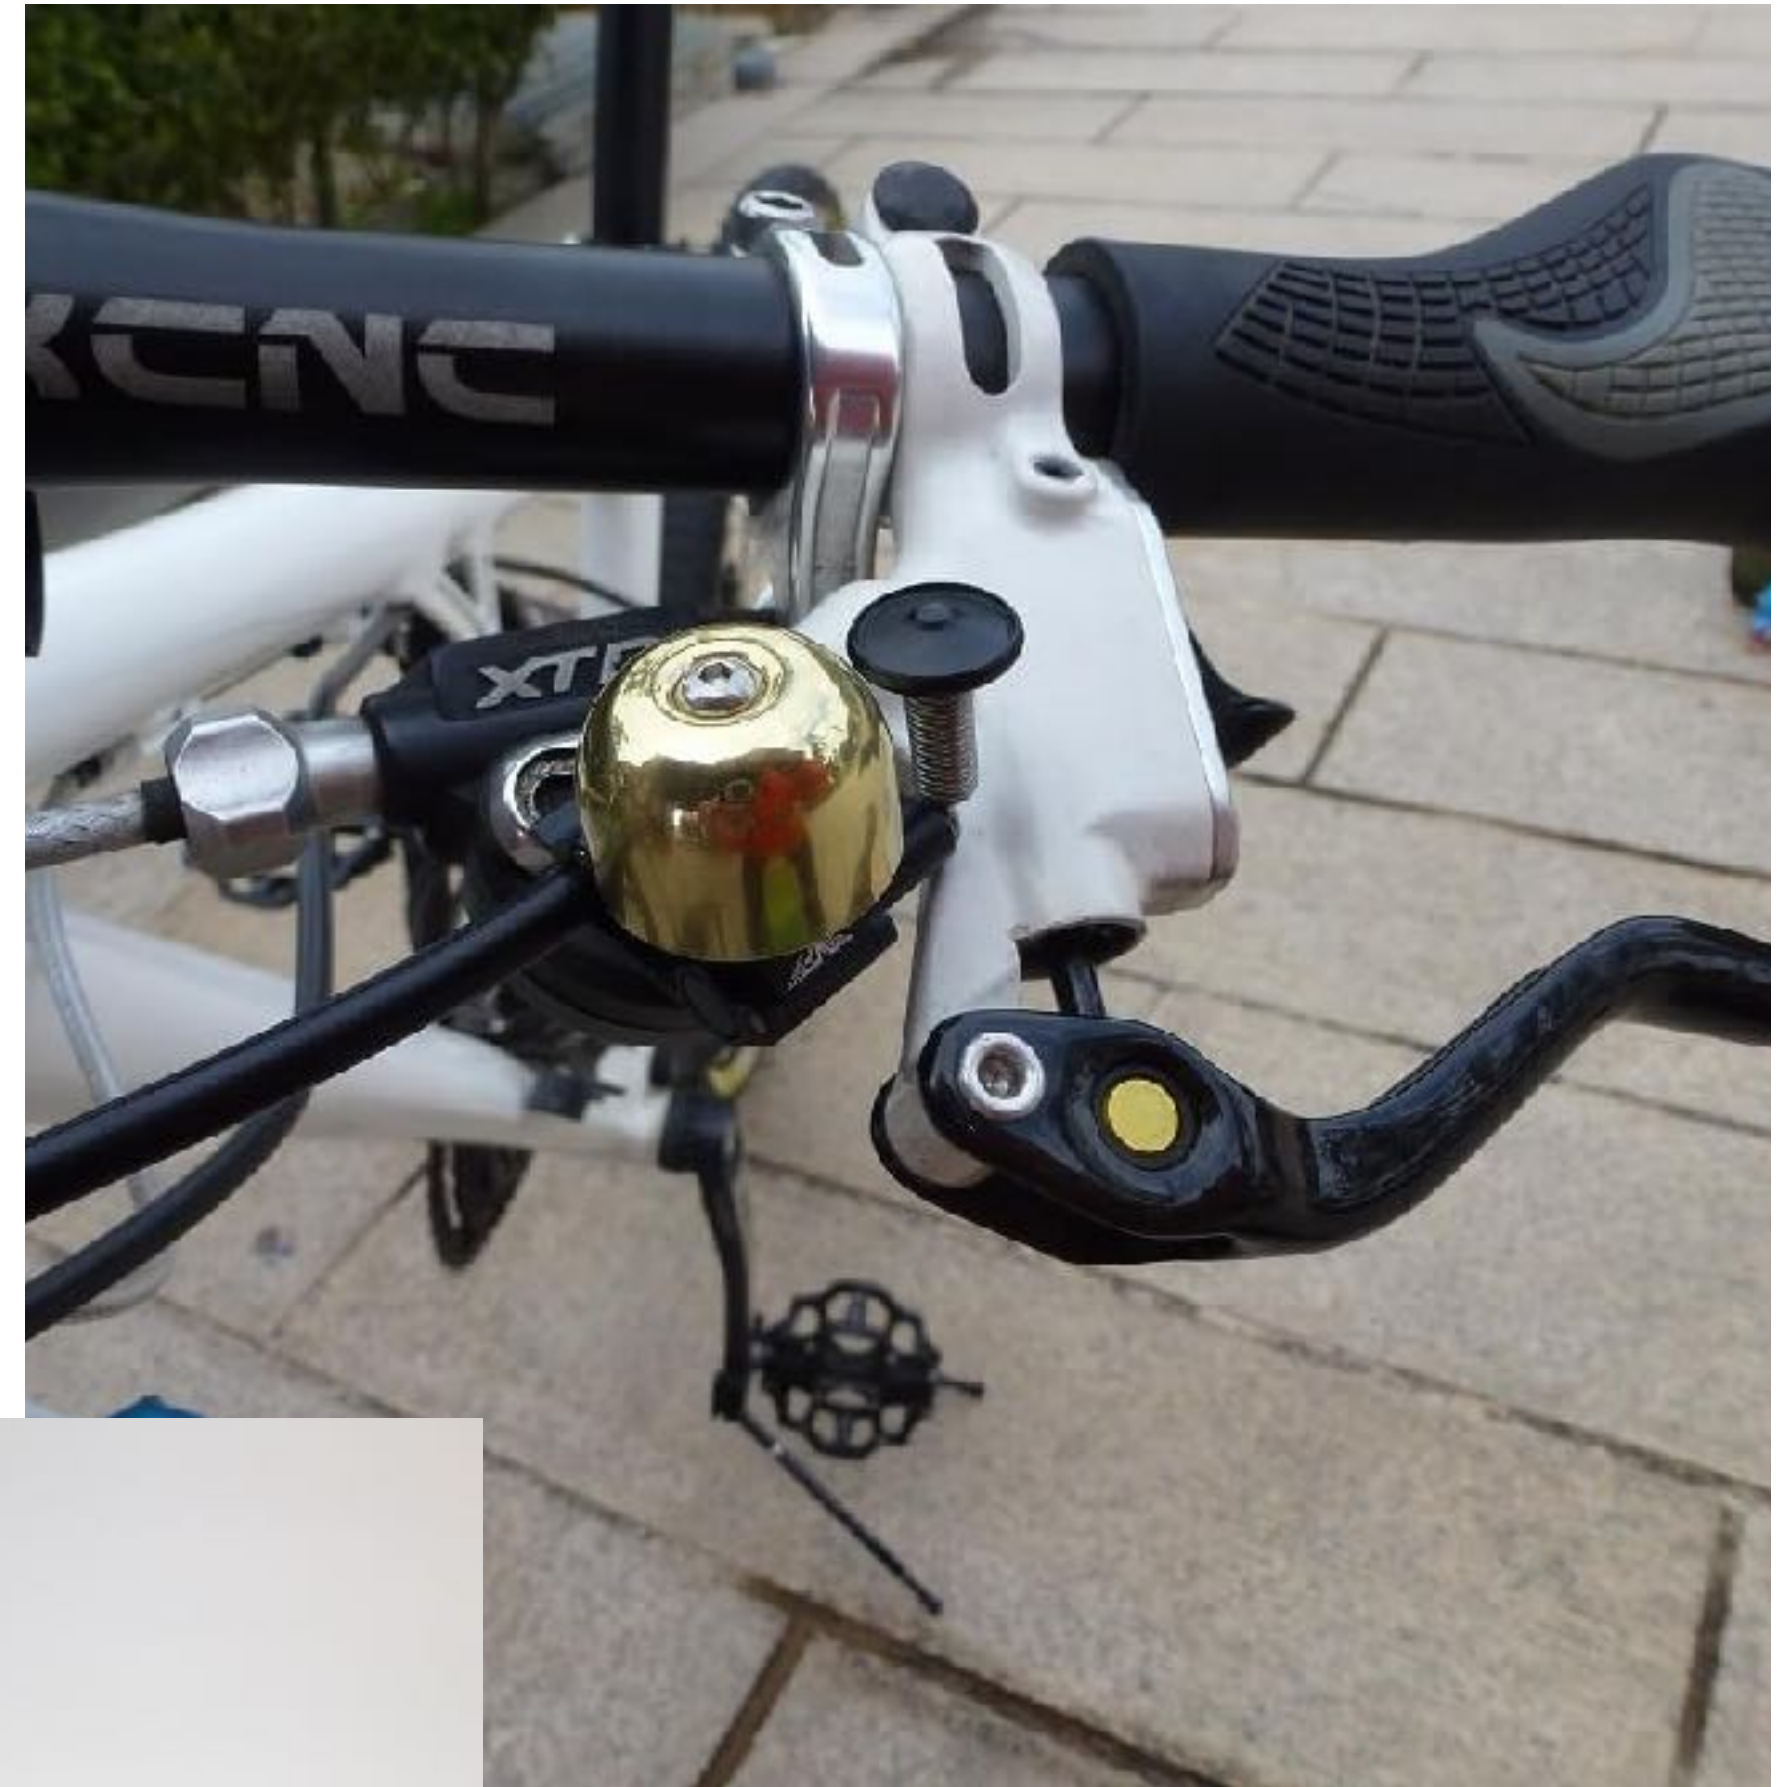

Model No. : CCB-UFO ; CCB-ARO

The first generation of gearoop's bell series.
The ancient type of CircleClamp Bell.

CCB-UFO : Disk Hammer(Aluminum)

CCB-ARO : Arrow Hammer(Plastic)

Website : [UFO Bell CCB-UFO \(gearoop-intl.com\)](http://gearoop-intl.com)

Mirror

series

TailEnd Metal Mirror

Model No. : CCM-CTB

Mirror is ugly and non-necessary?
we're going to change your stereotype.

Metal Revolution!!! How it works would amaze you

Tail Clamp, the best way fixing on handlebar end.

30° adjust ball, suiting to your own habit.

Non-broken Metal Mirror.

32g

Website : [TailEnd Metal Mirror CCM-CTB \(gearoop-intl.com\)](http://TailEnd Metal Mirror CCM-CTB (gearoop-intl.com))

CircleClamp Mirror

Model No. : CCM-RBK

Mirror is ugly and non-necessary?

Metal Revolution!!! How IT works would amaze you.

Patent Clamp, the best way fixing on brake hood.

360° adjust stick + 30° adjust ball, suiting to your own habit.

Non-broken Metal Mirror.

32g

Website : [CircleClamp Mirror CCM-RBK \(gearoop-intl.com\)](http://gearoop-intl.com)

Submarine Mirror

Model No. : CCM-DKE

360 adjustable device, make any angle possible~

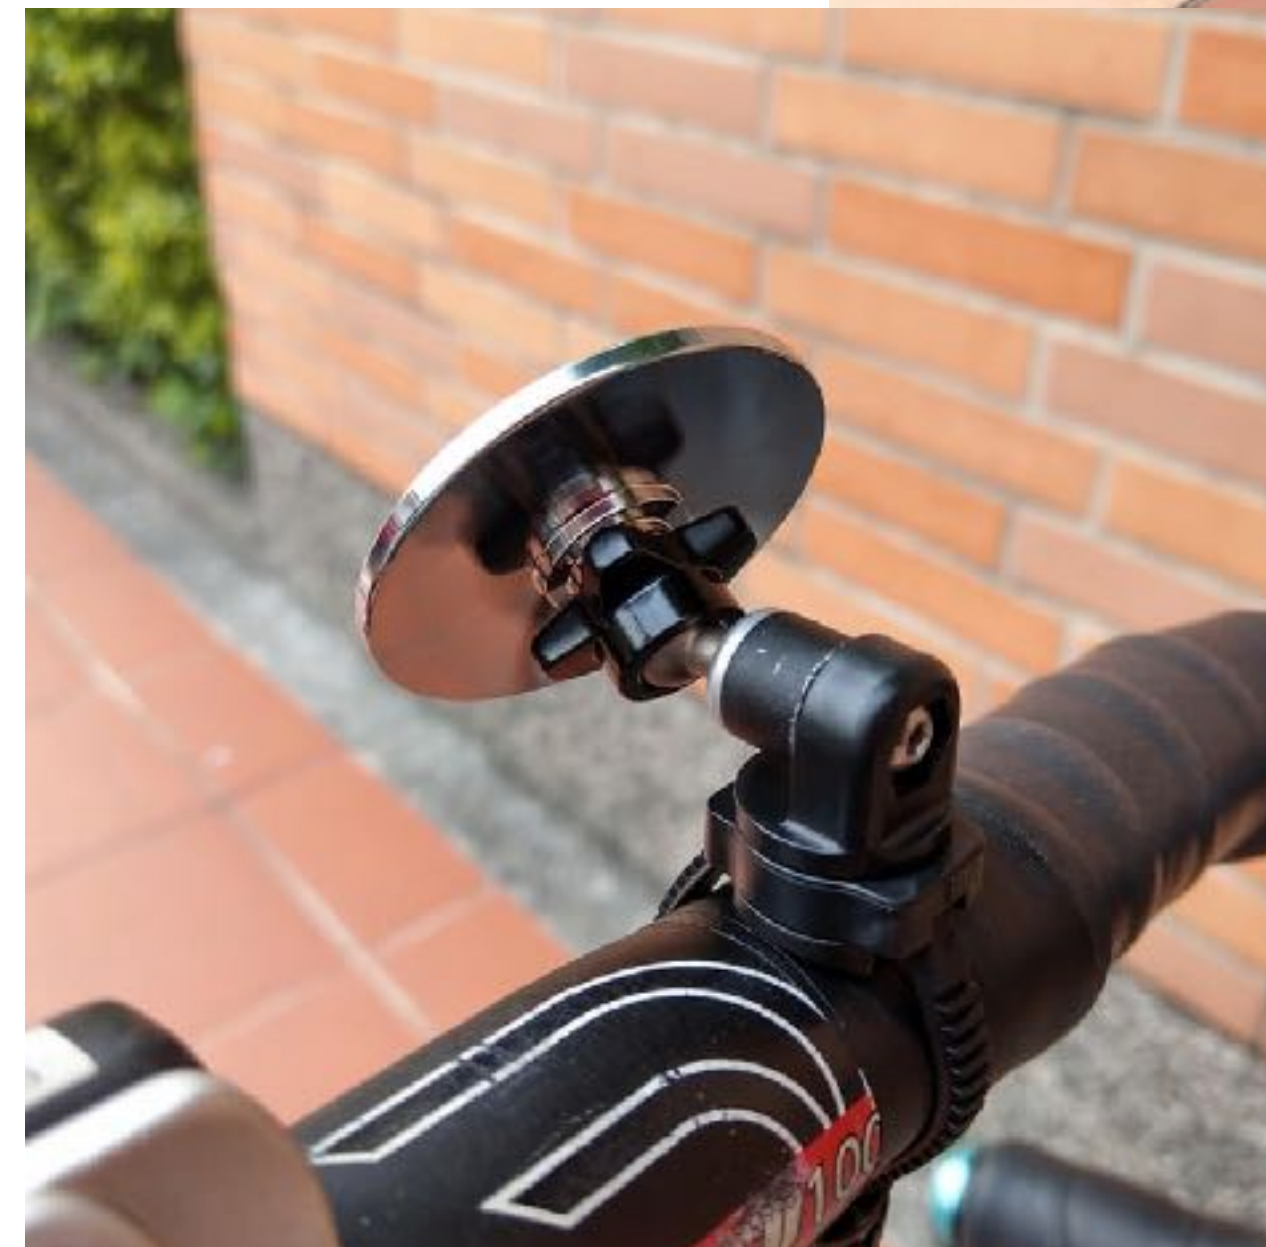

Just free, and freer than the others.

Humming band, could be fix on any tube.

Racing bar or flat bar are all available.

47g

Website : [Submarine Mirror CCM-DKE \(gearoop-intl.com\)](http://gearoop-intl.com)

LUGGAGE CARRIER series

Luggage Carrier3.1 - Suspension Luggage Carrier

Model No. : LCSB

For Suspension Bike ! ! !

Weight : 600g

Loading weight : 5kgs.

Fixed positions : saddle rail & Seat Clamp

Material : Aluminum

Website : [Suspension Luggage Carrier LCSB \(gearoop-intl.com\)](http://gearoop-intl.com)

Luggage Carrier 3.0 - Clamp Type

Model No. : LC3C

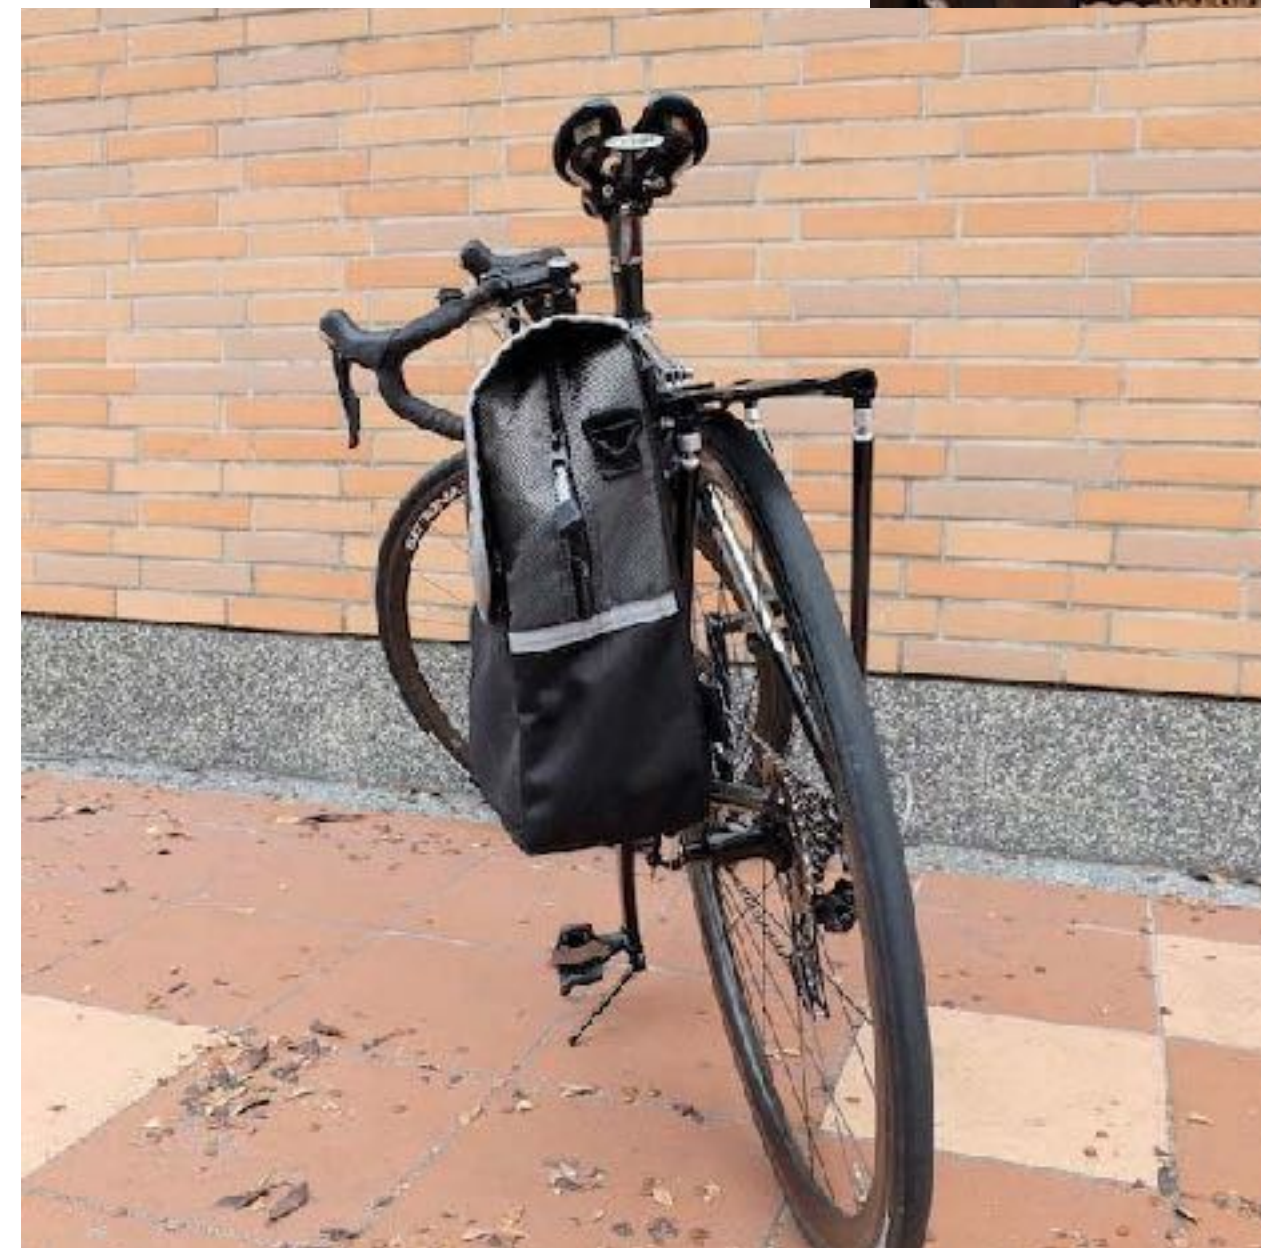

Clamp type : fixed on SeatPost Clamp & QR Skewer.
"LC12" is the part for Thru-Axle.

Carbon Frame available !

Might be the only one luggage carrier in the world could be folded and storage!!

Adjustable front stick to fit almost whole racing bikes & no shock absorber MTB.

Website : [Luggage Carrier 3.0 - Clamp Type LC3C \(gearoop-intl.com\)](http://gearoop-intl.com)

Luggage Carrier 3.0 - Rail Type

Model No. : LC3R

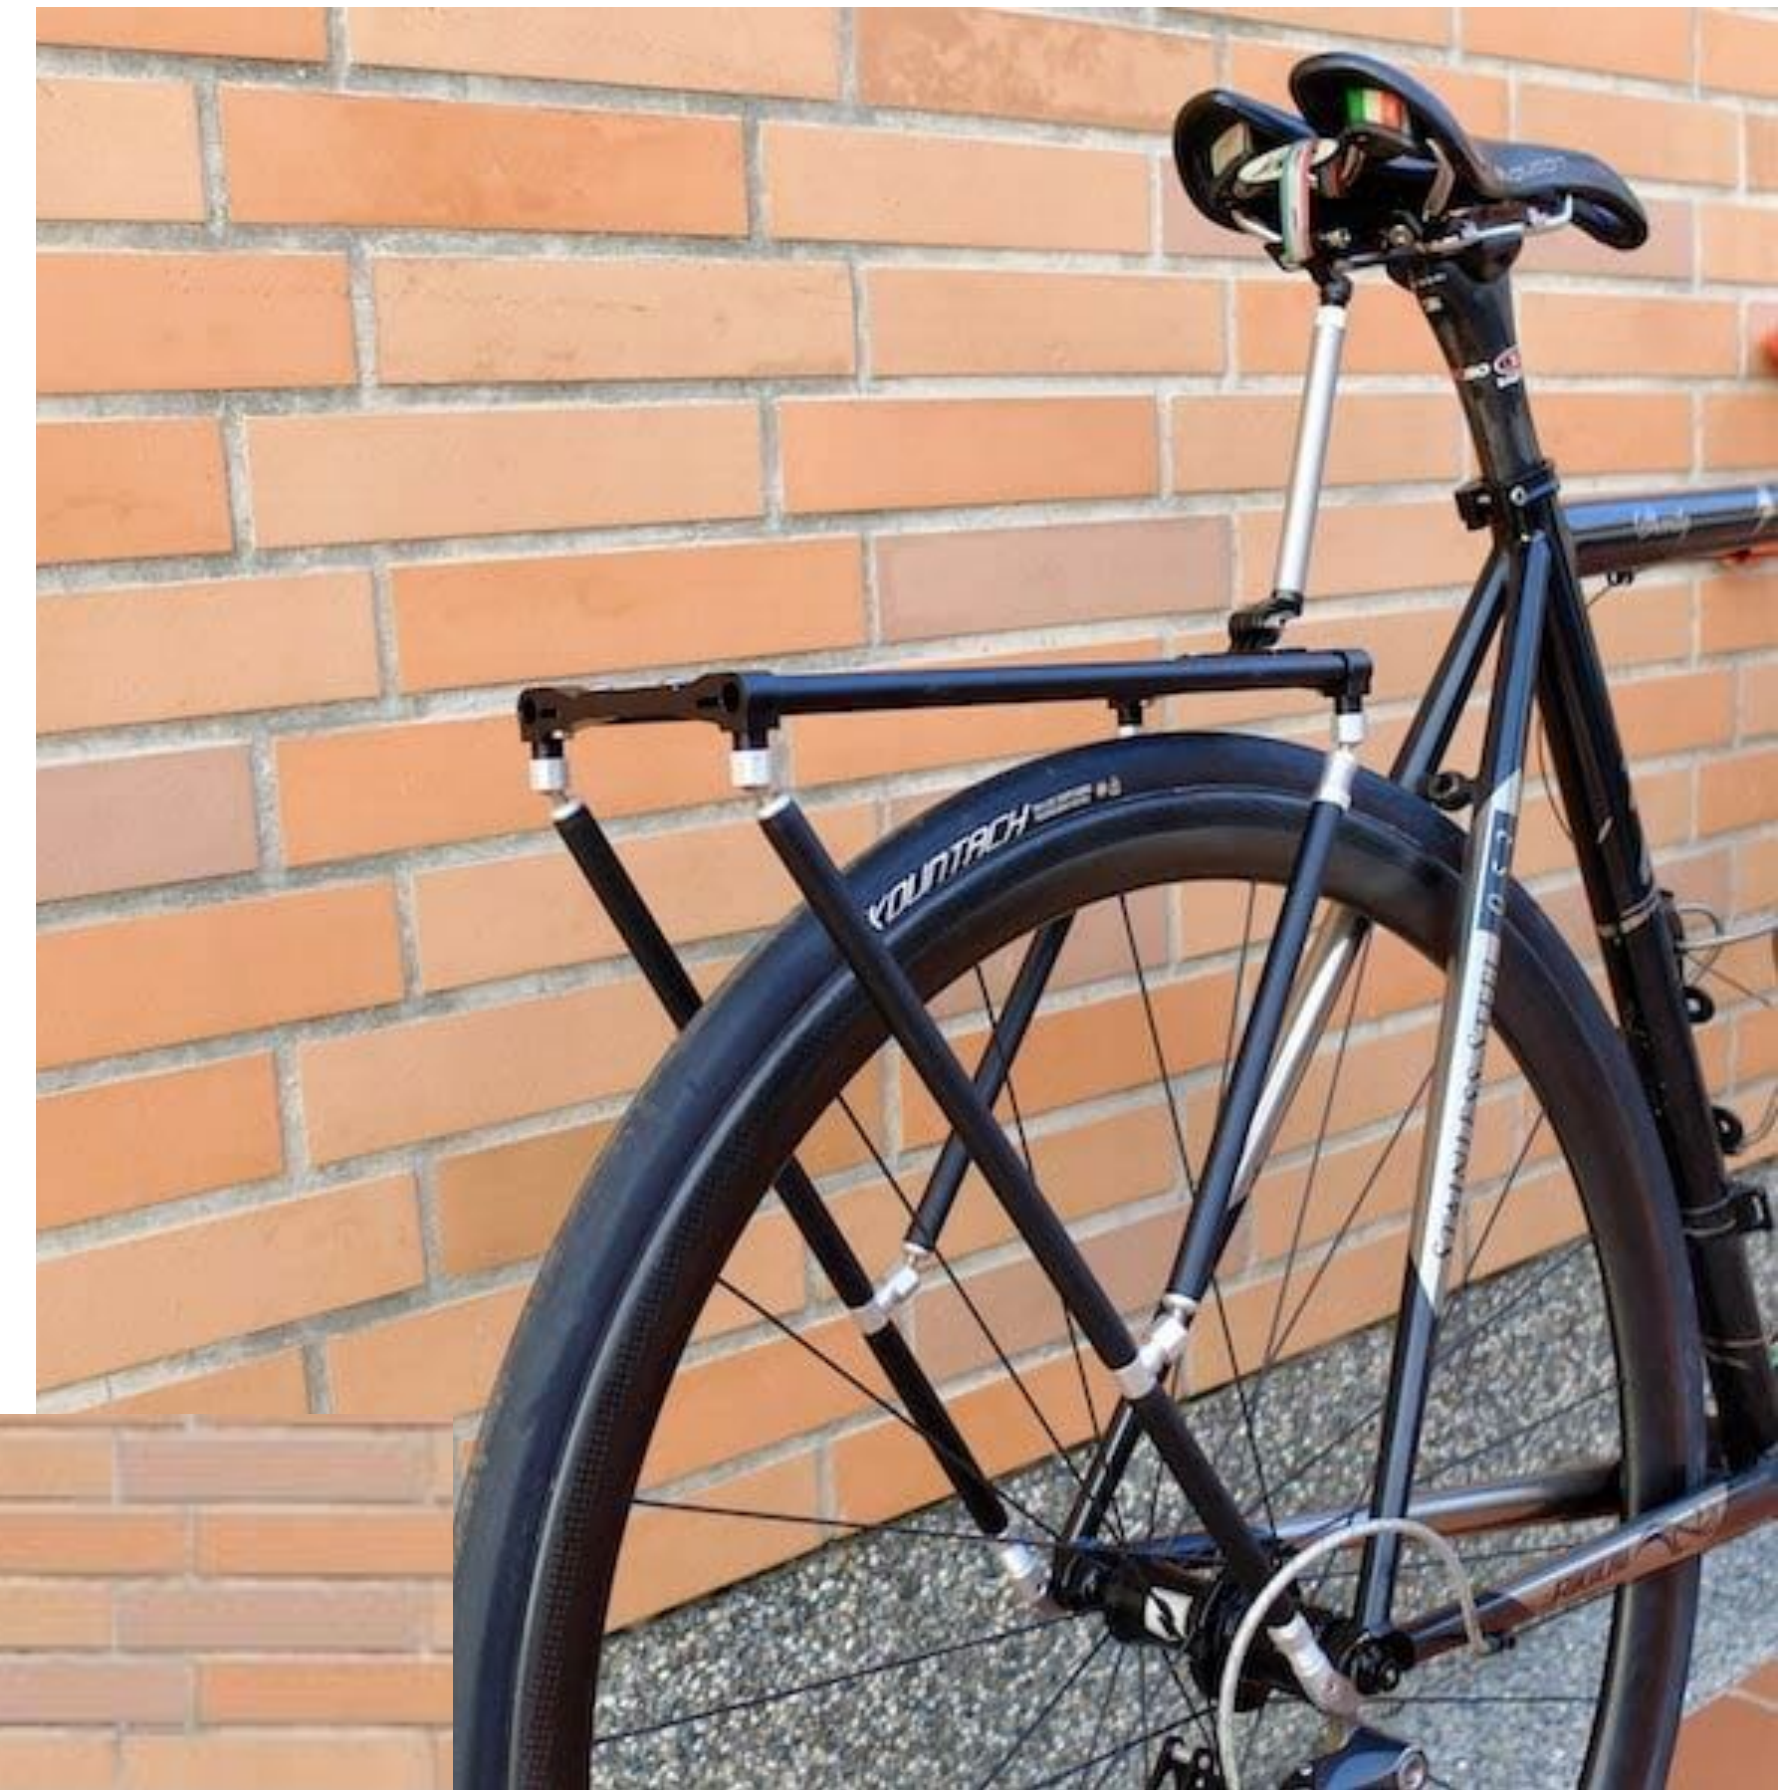

Clamp type : fixed on Saddle rail & QR Skewer.
"LC12" is the part for Thru-Axle.

Carbon Frame available ! !

Might be the only one luggage carrier in the world could be folded and storage!!

Adjustable front stick to fit almost whole racing bikes & no shock absorber MTB.

Website : [Luggage Carrier 3.0 - Rail Type LC3R \(gearoop-intl.com\)](http://gearoop-intl.com)

SeatPost Clamp series

SeatPost Clamp single tail light

Model No. : CCL-FB

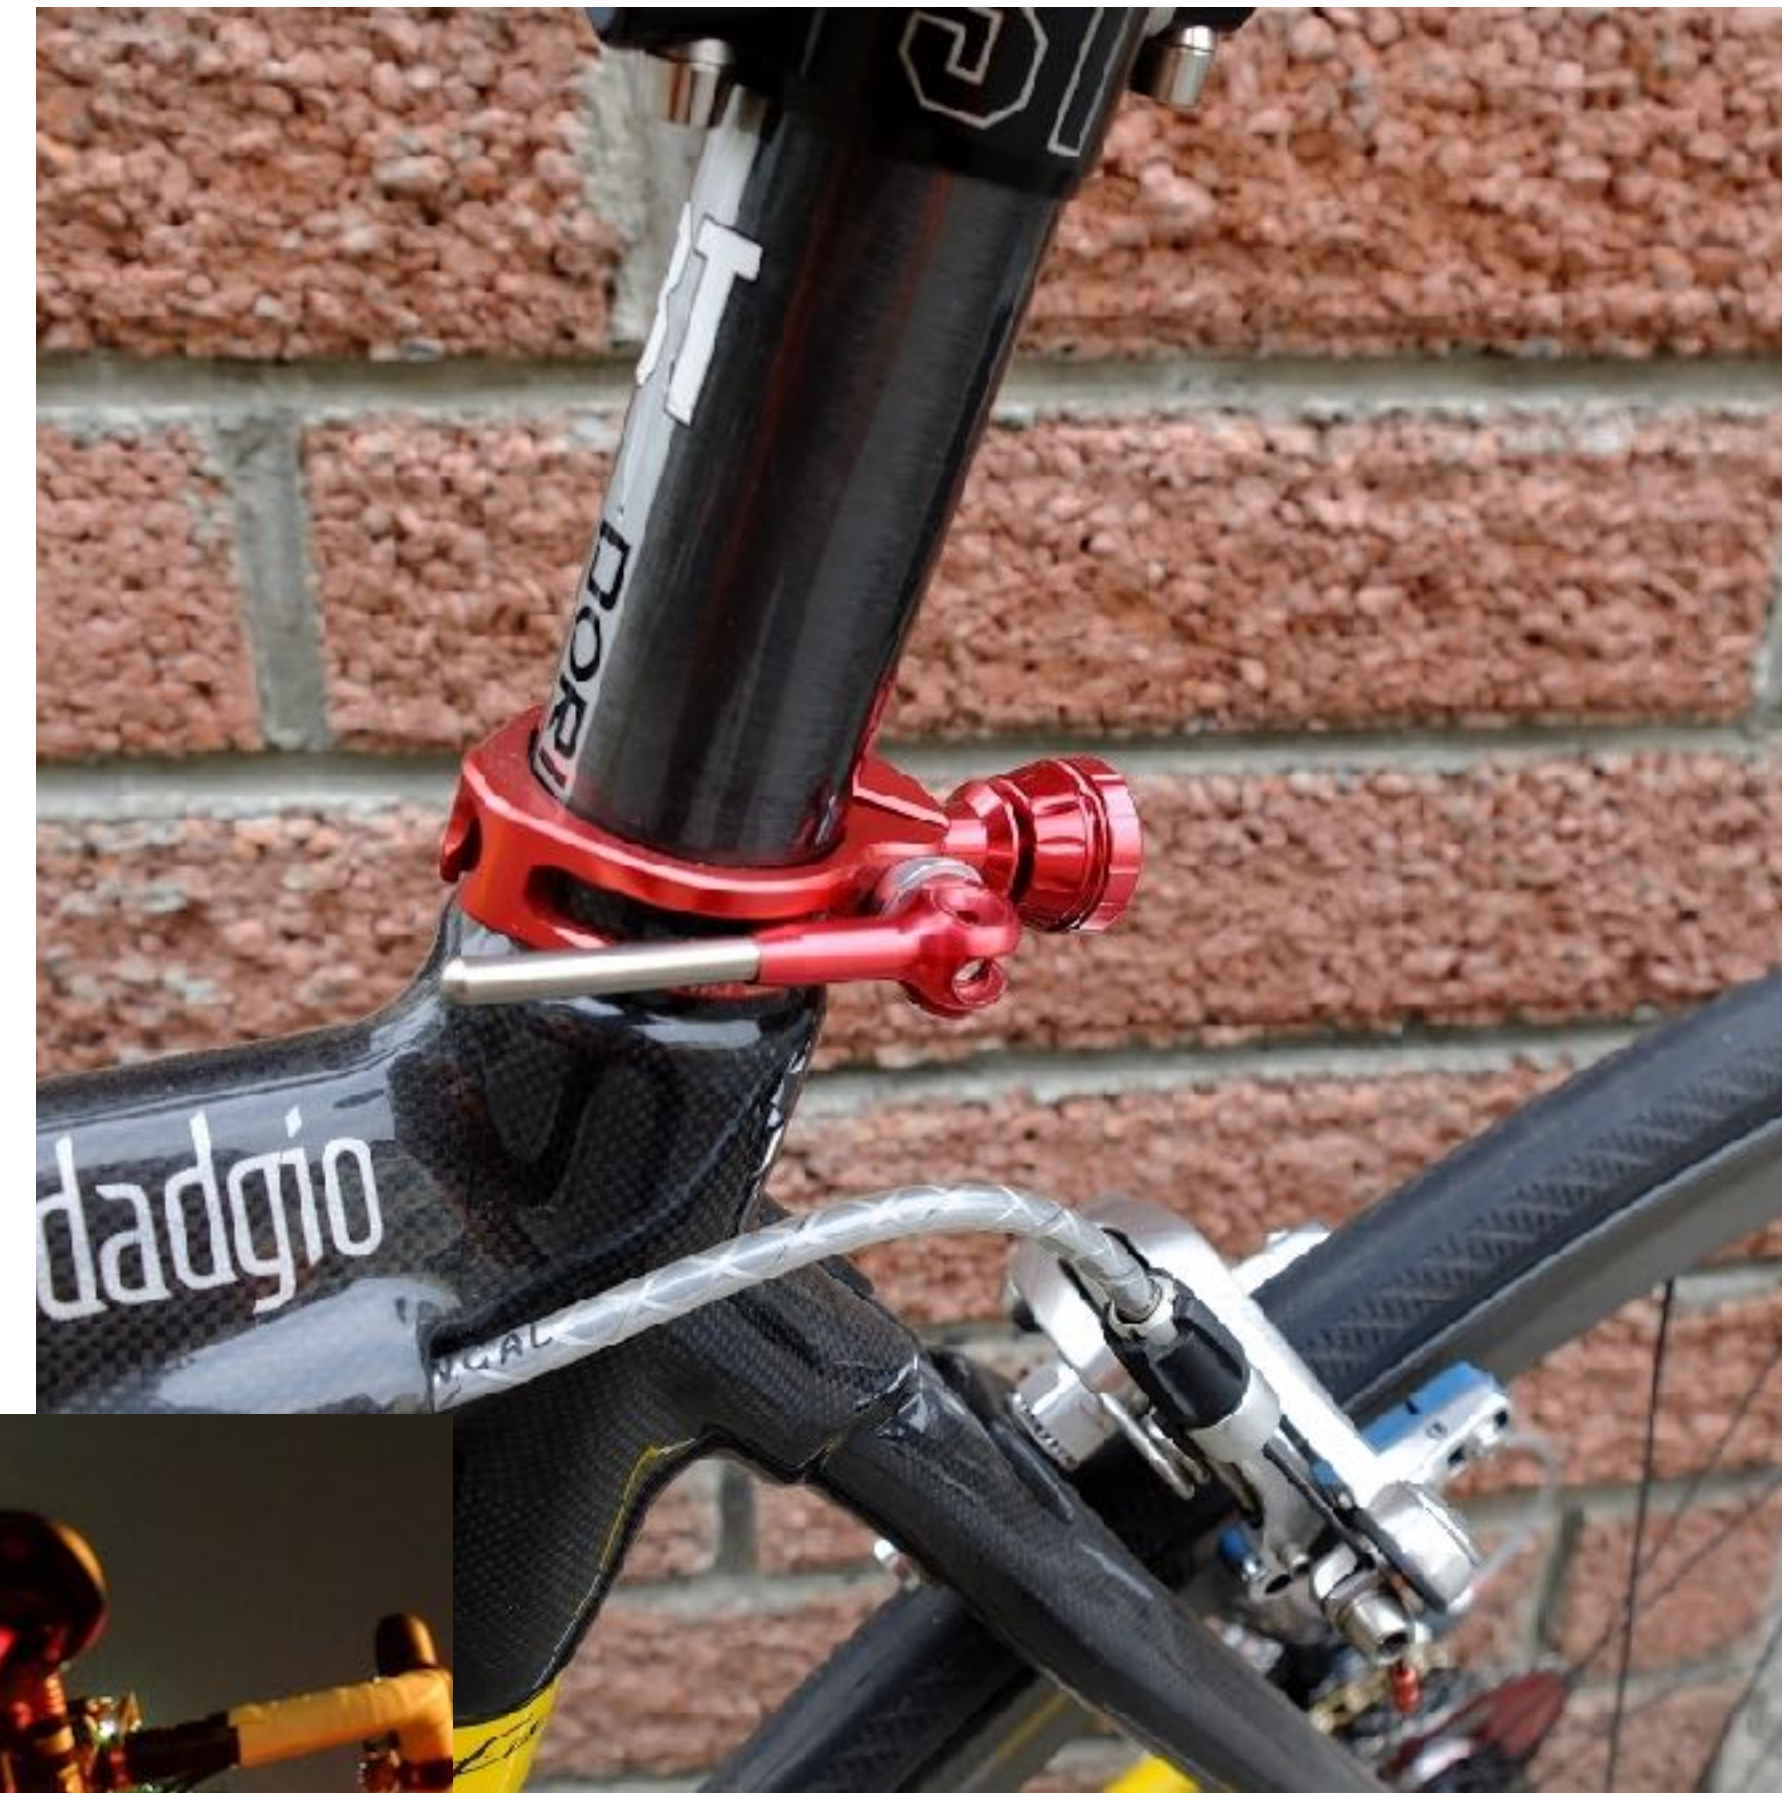

2012 reddot design award ! !
Combine Seat Clamp & tail lights~~
Tool free & Water resistant.
QR gearoop lights.

CR1632 battery or CR2 battery.

Website : [SeatPost Clamp single tail light CCL-FB \(gearoop-intl.com\)](http://gearoop-intl.com)

QR SeatPost Clamp single tail light

Model No. : CCL-QB

2012 reddot design award !!

Combine Seat Clamp & tail lights~~

Tool free & Water resistant

QR Seat Clamp + QR gearoop lights.

CR1632 battery or CR2 battery.

Website : [QR SeatPost Clamp single tail light CCL-QB \(gearoop-intl.com\)](http://gearoop-intl.com)

QR Skewer series

Titanium/Aluminum Lever QR Skewer

Model No. : QR-T ; QR-A

5mm diameter Titanium Axle guards your safety ! !

QR-T : Gorgeous Titanium Lever makes your bike beauty.

QR-A : Functional Aluminum Lever makes QR structure operating better.

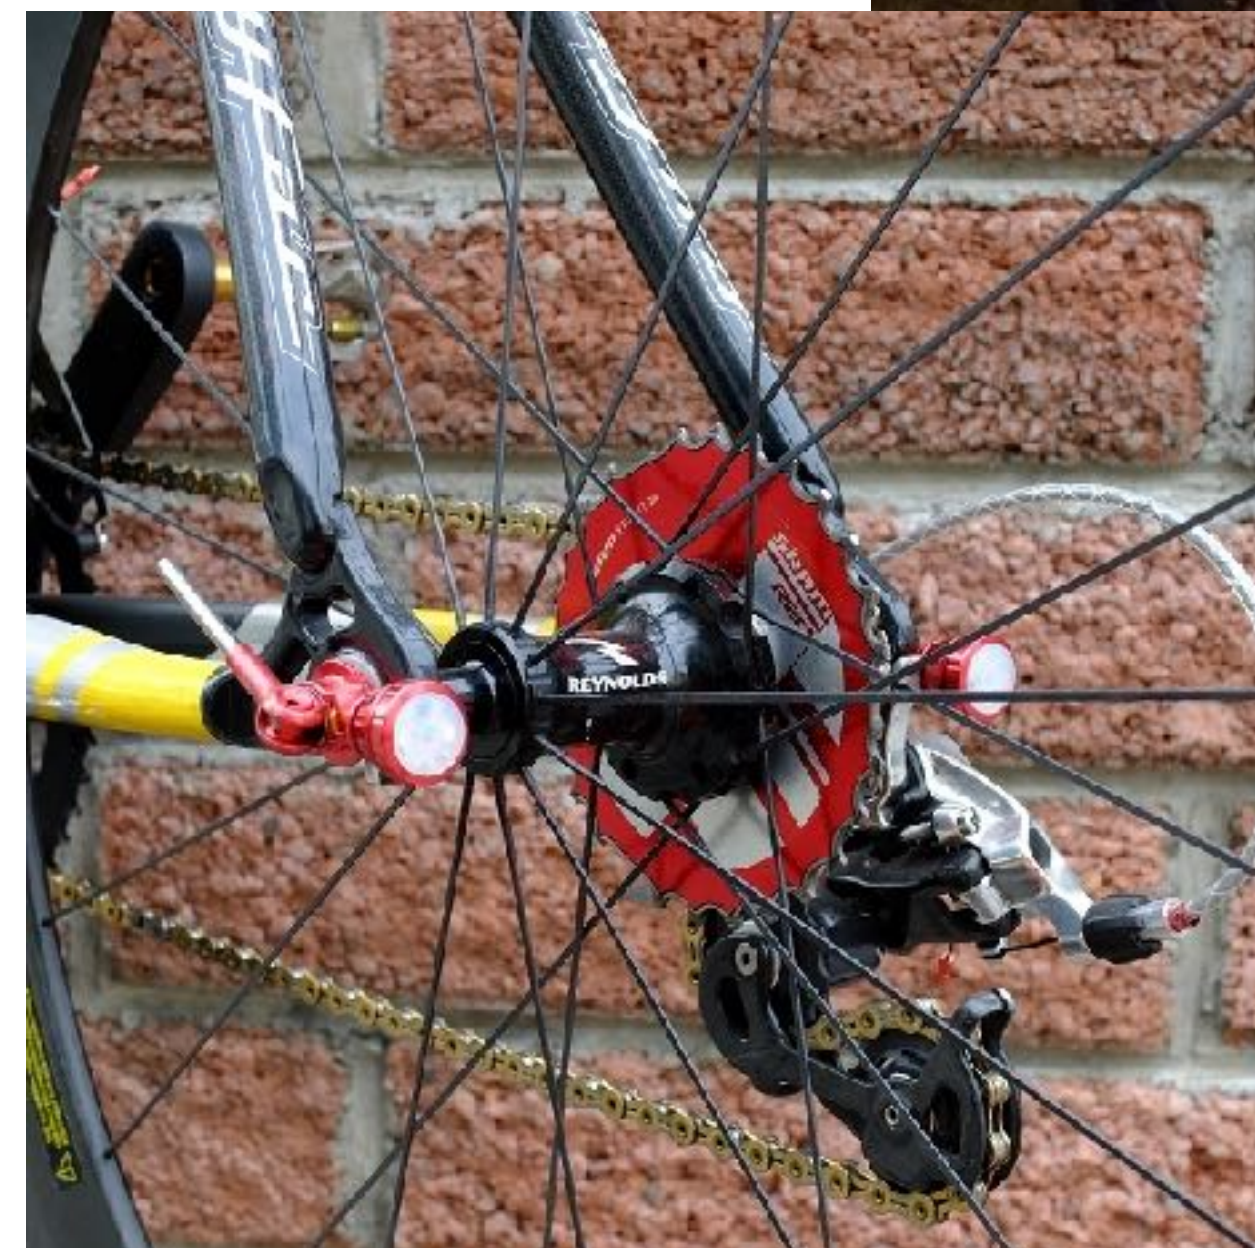

Website : [Titanium Lever QR Skewer QR-T \(gearoop-intl.com\)](http://gearoop-intl.com)

[Aluminum Lever QR Skewer QR-A \(gearoop-intl.com\)](http://gearoop-intl.com)

Titanium/Aluminum Lever QR square Skewer

Model No. : QR-TB ; QR-AB

5mm diameter Titanium Axle to guard your safety!!!

**Plus 2 Tail light devices on two sides.
QR function device, make battery change easily.**

Website : [Titanium Lever QR Skewer with lights QB-TBTCR \(gearoop-intl.com\)](http://gearoop-intl.com)
[Aluminum Lever QR Skewer with lights QR-ABACR \(gearoop-intl.com\)](http://gearoop-intl.com)

Tail light series

CircleClamp light

Model No. : CPL-B

Besides head light and tail light,
would you miss the broadsides??

Circle Clamp light guides your side safety!!

On Cable, helmet, clothes, bags, etc. All are available.
Tool free & water resistant.

Website : [CircleClamp light CPL-B \(gearoop-intl.com\)](http://gearoop-intl.com)

QR tail light

Model No. : CQL-B

Replace the QR stop with QR Tail light.
Guide your safety via different position.
QR function makes battery changing easily:
take light part off--> change battery--> re-fix on-->
working.
Tool free & water resistant.

Website : [QR tail light CQL-B \(gearoop-intl.com\)](http://gearoop-intl.com)

Mount series

NOD mount

Model No. : NOD-CG

The vision angle could be adjusted to make personal perfect experience.

For loading cycle computer, sports camera, head light, or smart phone.

Fixed on STEM, and just by ONE SCREW.

Website : [Nod Mount \(gearoop-intl.com\)](http://gearoop-intl.com)

Transformers Mount

Model No. : TFM-CG

For loading cycle computer, sports camera, head light(Luffy light), and smart phone.

Fixed on STEM by ONE SCREW. Double 360 degree adjustable structure.

Website : [Transformers Mount \(gearoop-intl.com\)](http://gearoop-intl.com)

Transformers Jaguar Mount

Model No. : TJM-CG

Combined with the advantage of “Transformers Mount” & “Jaguar Adapter”.

Plus adjustable angle for cycle computer set.
more convenient, more functions, and much more fun.

Website : [Transformers Jaguar Mount \(gearoop-intl.com\)](http://gearoop-intl.com)

Integrated Mount

Model No. : ETB-CG

For integrated bar!!

Website : [Integrated Mount \(gearoop-intl.com\)](http://gearoop-intl.com)

Jaguar Adapter

Model No. : CDM-C

Up & down design.

Up for cycle computer & down for head light, and put them in the middle.

Named by the JAGUAR shape.

Special fixing structure for garmin & bryton cycle computer.

Website : [Jaguar Adapter \(gearoop-intl.com\)](http://Jaguar Adapter (gearoop-intl.com))
